

**SIUE Tuition Assistance Scholarship Program
for Istanbul Technical University Dual Diploma Students**

STIPULATION FORM

This form designates the stipulations concerning the disposition of the SIUE Tuition Scholarship Program for Istanbul Technical University (ITU) Dual Diploma Program (DDP) Students as authorized by the Office of the Provost, Southern Illinois University Edwardsville.

TITLE OF SCHOLARSHIP: SIUE Tuition Assistance Scholarship Program for Istanbul Technical University Dual Diploma Program Students
AUTHORIZING OFFICE: Office of the Provost
OFFICE OF DISPOSITON: Student Financial Aid
MAILING ADDRESS: Campus Box 1804
Edwardsville, IL 62025

- **PURPOSE OF PROGRAM:** To provide financial assistance to outstanding students enrolled in the SIUE- ITU Dual Diploma Program
- **TERMS OF SCHOLARSHIP:** Recipients will be chosen by a Committee which will include the DDP coordinators for both ITU and SIUE and the School of Engineering Dean or a designee of his or her choosing.

Through this scholarship, the SIUE tuition rate will be reduced from the discounted DDP tuition rate of approximately 2.0 times the in-state tuition rate to 1.2 times the in-state tuition rate for the award recipients. Criteria for selection and implementation include:

- A maximum of three sophomores and three seniors in the DDP in Industrial Engineering will be awarded this scholarship each academic year**.
 - All students with a cumulative GPA of 3.25 and above are eligible to apply.
 - Awards, recognitions, and participation in extracurricular activities are also taken into consideration in the selection process.
- The sophomore level scholarships will be awarded based on student's cumulative GPA in their freshman year at ITU along with participation in extracurricular activities.
- The senior level scholarships will be awarded based on student's overall cumulative GPA at SIUE and ITU. Receiving the award in the sophomore year does not guarantee continued benefits in the senior year. A combined GPA of 3.25 or above at the start of senior year at SIUE is required to apply. The number of credit hours successfully completed will also be taken into consideration in awarding the senior level scholarships.
- For continuing SIUE tuition benefits, the scholarship recipient's overall cumulative GPA cannot be lower than 3.25 in ITU or SIUE.

**The number of recipients and exact amount of the award(s) will be determined by fund availability and authorization by the SIUE Provost's Office in consultation with the DDP Scholarship Program Committee.

C. PROVISIO: If these scholarships are no longer able to be used as stipulated, this stipulation may be adapted at the discretion of the Dean of the School of Engineering in consultation with the Dual Diploma Program Coordinators.
