

**Southern Illinois University at Edwardsville
Excellence in Undergraduate Education**

Final Report – FY08

Project Number _____
Project Title _____

Project Director _____
Date Submitted _____

Please attach your response to the following questions. Please include this cover page with your narrative.

1. To what extent and in what ways has the completed (or initiated) project supported innovation and excellence in undergraduate education?
2. Please identify the relevant short-term benefits of this project.
3. Please provide your assessment of how this project will benefit undergraduate education in the long-term. Describe any additional initiatives that were developed, or are being developed, as a result of this EUE project.
4. Were funds provided from EUE expended as described in the proposal? Describe significant discrepancies between the projected budget and the actual expenditures.
5. Please provide documentation about any dissemination of information or materials that occurred as a result of this project (publications in educational journals, presentations, lab manuals, course materials, etc.)
6. Was this project partially supported from external sources? If so, please identify the funding agencies and their contributions to this project.
7. Will the project continue? If so, what funding sources will support continuation? Please list any external proposals prepared, or in preparation, as a result of this EUE Project?

Please return to Geert Pallemans, EUE Coordinator, Box 1432
