

Graduation requirements for students in the on 3+2 Program

A student who is accepted in the 3+2 program in the department may graduate, with a Bachelor Degree with two fewer required math/stat/or classes of their choosing provided:

- 1) he/she successfully takes these classes for graduate credit, and
- 2) he/she successfully takes either two math/science/engineering classes at 200 level or above, or any 300 or 400 level classes at SIUE.
