

- The Christmas Party will be at Dr. Eilers and Dr. Bryan's house on Dec. 10. Chris and Nellie will assist in the planning.
- The chem club abstract for the ACS meeting is due on Nov. 15 and is in the works.
- Sign-up sheets and information for the tour of Onyx Environmental Services on Nov. 12th are located on the Chem Club bulletin board and the Chem office door.
- The spring awards banquet date is still unknown.
- The Probst Lecture will be on March 21st, with Bob Curl, one of the buckyball guys from Rice University and Chemistry senior assignment presentations.
- Kimmel Leadership's Who's Who in America's Universities application deadline was extended, and the forms are due today.
- The Loveline project is still in the works.
- We received a thank-you card from the new chancellor for the Chem Club sweaters.
- The Moose Room has been designated the Chem Club room. We will be arranging the room (moving in a couch, putting up the seal, etc.) on Saturday, Dec. 4th. There are also hopes of acquiring a computer for the room to print out Chem. Club materials.
- Nathan is looking into getting money from Kimmel for Chem Club office supplies. We are allowed a maximum of \$250 per semester.
- Shipping the textbooks left over from the Book/Bake Sale to schools in Africa is also being looked into. Shipping them by sea may be feasible.
