

BUSINESS ADMINISTRATION

MANAGEMENT SPECIALIZATION

SIUE

School of Business

Degrees Available at SIUE

- Bachelor of Science, Business Administration, Management Specialization

Why Business Administration - Management?

The management specialization provides students with the knowledge and skills necessary to become effective managers in organizations. The courses in this specialization emphasize the complex nature of organizations and the tools necessary to manage human resources, design effective organizational systems and diagnose and solve organizational problems. The specialization emphasizes the increasingly global nature of business and how to deal with changes in internal and external environments.

Business Administration at SIUE

The Business Administration degree with a management specialization will prepare you to be a business professional who understands the various and complex managerial environments in business operations and the unique challenges faced by managers in the global economy. You will learn about the functional areas of modern business, the ethical and global issues confronting business today, and the economic, social, political and legal environments in which business decisions are made. Practice in making decisions using quantitative and analytical skills is complemented with leadership and team-building skills. The curriculum is delivered using a variety of methods including analysis of business cases and other experiential exercises as well as co-curricular activities.

Career Outlook

This specialization provides flexibility to accommodate students with a variety of interests and prepares them for managerial careers in private and public sector organizations. Graduates of the program are qualified for careers in a variety of administrative and managerial positions in business firms, the non-profit sector and government agencies. SIUE graduates obtain positions at numerous firms including Maritz, Enterprise, Edward Jones, Regions Bank, Caterpillar, The Boeing Co. and CBA Corporation. Students are strongly encouraged to gain professional experience through co-operative education, internships and other co-curricular activities prior to graduation.

How to Apply

Admission to the School of Business is obtained through a selective, competitive application process. Students must first apply to SIUE and be admitted to the University, then complete a set of prerequisite courses before applying for admission to the School of Business. Additional information regarding admission to all undergraduate programs is available on the School of Business website and in the undergraduate catalog. Students are encouraged to work closely with their academic advisors as they make plans to apply for admission to the School of Business.

Admission Requirements

Our goal is to admit students who demonstrate the greatest likelihood of success. Decisions are based primarily on the student's performance in collegiate-level work and the required essay. Admission is competitive; not all applicants will be admitted.
