+ Course taken to fulfill this requirement may also satisfy another General Education requirement. Refer to the SIUE Undergraduate catalog for a list of approved courses.

\* It is preferable to complete CI 440 *prior* to student teaching; however, if necessary, it is possible to take CI 440 during the semester in which student teaching is done.

\*\* Choose from:

- a) One of MATH 305, 315, or 365 and one 400-level MATH, STAT, or OR course *or*
- b) Two 400-level MATH, STAT, or OR courses.

Students may elect to take courses during the summer term to lessen the academic load.

Declaring a Mathematics Major: To declare a major in Mathematics, it is necessary to have:

1. Completed all Academic Development courses required by the University;
2. Completed any required courses to address high school deficiencies;
3. Satisfied one of the following:
  - a. Completed MATH 120 and 125 or mathematics courses having these courses as prerequisites (or equivalent courses at another institution of higher education), have a gpa of 2.0 or higher in all university mathematics courses, and have a gpa of 2.0 or higher in all university courses taken.
  - b. Completed seven semesters of university preparatory mathematics courses in high school, including a course in trigonometry, and have no grade lower than a C in those courses.

To be accepted into the **teacher certification program**, students must:

1. Receive a grade of C or above in ENG 101 and ENG 102;
2. Successfully complete the introductory course CI 200;
3. Complete 43 semester hours of course credit and have a cumulative grade point average of 2.5 or higher (this includes work at other institutions);
4. Pass the ICTS Basic Skills Test. Information about this test is available online at [www.icts.nesinc.com](http://www.icts.nesinc.com).
