### **19<sup>th</sup> Century Illustrated Sheet Music Collection Goes *YouTube***

In 2013 the *Colket Illustrated Sheet Music Collection* was created in Lovejoy Library. The digital collection offers 96 titles of beautifully illustrated sheet music largely from the 19<sup>th</sup> Century, including songs and dances from the Civil War period. It is the first CARLI Digital Collection in Illinois to contain *audio recordings* linked from *YouTube* to accompany digitized sheet music. Fine Arts Librarian, Therese Dickman, will describe the collection and feature selected audio recordings and related *YouTube* clips. This resource holds potential for new, integrated uses of historic material in traditional and online courses, particularly in music, history, and dance.
