

College of Arts and Sciences
Department of Mathematics & Statistics

Southern Illinois University Edwardsville, a comprehensive state university 20 miles from downtown St. Louis, Missouri, invites applications for a tenure-track position at the rank of assistant professor beginning August 2014. In exceptional circumstances a rank at the associate professor level may be considered. We will consider applicants who have a strong commitment to teaching, a demonstrated capacity to perform research, a record of involvement in math education at the P-12 level, and an interest in student teaching supervision. The applicant should have a Ph.D. in Math Education, Mathematics, or Statistics. For those with a Ph.D. in Math Education, we require a master's degree in Mathematics or Statistics. For those with a Ph.D. in Mathematics or Statistics, candidates must have significant experience with teaching at the P-12 level or working with math content or math methods courses for preservice elementary or secondary teachers. ABDs very near completion will be considered (if Ph.D. is not completed at the beginning of the contract period a one-year term appointment will be made at the rank of Instructor). Duties will include teaching courses in mathematics or statistics and mathematics education, supervising student teachers, mentoring students through senior projects and master's theses, performing research, and contributing to the department, college, and university through appropriate service activities including collaborating on state and national accreditation reports.

The Department of Mathematics and Statistics has 19 tenured or tenure-track faculty members and offers undergraduate programs in mathematics, applied mathematics, statistics, actuarial science, and secondary education, and master's programs in mathematics, statistics and operations research, applied and computational mathematics, and post secondary mathematics education.
