

Course Rotation of Upper-Level Mathematics, Statistics, and Operations Research Courses

Many upper level mathematics, statistics, and operations research courses are offered on a regular rotation instead of being offered every semester. Below is our current “best-projection” of the rotation of upper level courses for the next several years. Be advised that this is **only a projection** and **may change** due to changes in budgeting, personnel, curriculum, and other factors, many of which are not under our control.

Every fall: Stat 480a, 482, OR 442, Math 421, 435, 450, 462, 465

Every spring: Stat 480b, 481¹, OR 440, 441, Math 400, 501, 502
