

## It's Time Again for the SIUE Undergraduate Scholars Showcase, April 27

You are invited to learn about the outstanding work SIUE's undergraduates have accomplished in their major programs.

Undergraduate Scholars Showcase

**2-4 p.m.**

**Thursday, April 27**

**Morris University Center**

The Undergraduate Scholars Showcase is an annual opportunity to highlight the depth and variety of learning experiences offered by SIUE's Senior Assignment program and the Undergraduate Research and Creative Activities (URCA) program.

Each academic unit demonstrates the best of what the University's undergraduates have mastered. Each department and program nominates two outstanding Senior Assignment projects to be presented at the Undergraduate Scholars Showcase. In keeping with the spirit of last year's event, URCA Associates and Assistants will be displaying their presentations as well.

Each participant will receive a certificate of achievement. This growing event allows students, faculty, and community members an opportunity to celebrate learning and our students' accomplishments.

For more information, contact Erin Behnen at 650-3639 or [etimpe@siue.edu](mailto:etimpe@siue.edu).
