

CE Marking: An Overview of European Regulations and the CE System *With Gonzalo Manchego, Center for International Regulatory Assistance (CITRA)*

This seminar provides manufacturers, suppliers and other organizations the “know-how” and materials needed to comply with CE marking. This program presents an in-depth analysis of European harmonization, European technical trade regulation and the complete CE marking process. Other topics covered include CE marking strategic considerations, trends in regulation and conformity assessment. The practical application of European directives and other CE documentation will be utilized in this training.
