Please answer the following questions. Take your time and write as much as it takes to answer the question well, but limit your response length to the space provided.

1. Please list any relevant certifications, skills, personal qualities, or experience (including relevant classes):

2. Explain what you personally think is the purpose for Campus Recreation programs and facilities:

3. What technology products are you most comfortable working with?

4. Why would you like a job in Tech Support?

Please consider attaching a current resume and your class schedule for the semester you are applying.

Return this completed application to the Reception Desk at the Student Fitness Center.

The Student Fitness Center employs over 100 students with opportunities for advancement and professional development. **The majority of our hiring tends to occur near the end of each semester**, as we anticipate student employees graduating out of the university. If you are not selected the first time you apply, we encourage you to continue to improve your resume and apply again.
