## New Faculty Onboarding 2023-2024

**12:00-1:30 LB2030 (Library) Center for Faculty Development & Innovation**  
**Lunch will be served at noon and we will eat during the discussion**

New Faculty Onboarding is designed to help our new faculty get off to a good start. We meet about one Friday a month to discuss topics important to new faculty. First-year faculty have a chance to get to know other faculty from outside their department as well as university administrators.
