

Faculty Fellow Application 2010-2011

The Faculty Fellow Program allows faculty to create and maintain a meaningful relationship with students outside of the standard classroom experience. Research has shown that student –faculty interaction leads to greater satisfaction and development in college (Astin, 1993). SIUE and University Housing created this program to create purposeful places for these interactions to occur.

The program commitment is for approximately 10 hours of involvement per semester. This can be in the form of helping with Move-In, attending social events such as BBQ's, or attending any of a multitude of educational events planned by Housing staff. Your commitment is very personalized to your lifestyle and is on your terms. There are also occasional brown bag lunches at which you can learn from other Faculty Fellows about the program and gain ideas about connecting with your residents.

Name: _____

Department: _____ **Phone Number:** _____

Email Address: _____ **Campus Box Number:** _____

Preferred Student Population: Freshmen _____ Sophomore & Above _____ No preference _____

Please circle any Focused Interest Community you are interested in working with: (optional)
