NOTES: 'N' indicates the number of first-time, full-time freshmen who matriculated in the summer or fall and were enrolled in the fall term (IPEDS GRS cohorts), less IPEDS-allowed exclusions .

SOURCES: Fall SIS 10th Day Extract Files; Banner Tenth Day Views and Tables; Fiscal Year Commencement Files.

Bold 'N' indicates change was made per the IPEDS-allowed exclusions.
 Enrollment in a year is determined at the "fall census point;" graduation is based on that fall through the next summer (IPEDS GRS definition).
 'Sum' indicates the percent of students graduated by the end of or still enrolled during the fall of the designated year.

Persistence of New Freshman Cohorts, Undergraduate and Pharmacy **Entering Fall Terms 2003-2012**

SIUE has a significant number of first-time, full-time Freshmen who bypass the undergraduate degree and move to the School of Pharmacy and earn a Pharm.D. degree. These students are not reported in our official baccalaureate graduation rates but are captured in the table below. This table supplements and enhances the data in our Student-Right-to-Know persistence tables by including both Undergraduate and Pharmacy retention and graduation. Columns comparing Undergraduate-only graduation and retention rates starting at Year 6 (150%) are included.

NOTES:

- This study is a modified version of the Persistence of New Freshman Cohorts found in the Fact Book (pp.46 47 in the 2014 Edition), which captures both Undergraduate and Pharmacy retention and graduation rates.
- 'N' indicates the number of first-time, full-time freshmen who matriculated in the summer or fall and were enrolled in the fall term (IPEDS GRS cohorts), less IPEDS-allowed exclusions .
- Bold 'N' indicates change was made per the IPEDS-allowed exclusions.
- Enrollment in a year is determined at the "fall census point," the statistics in this table include both Undergraduate and Pharmacy enrollments.
- Graduation is based on that fall through the next summer (IPEDS GRS definition), and includes students who earned Baccalaureate degrees or whose first-earned degree was from the School of Pharmacy.
- 'Sum' indicates the percent of students graduated by the end of or still enrolled during the fall of the designated year.
