

# Making Your Course Available

**NOTE:** Your course is made unavailable by default. You students will not be able to see your course if the word “unavailable” is next to your course name. You will always have access to your course by clicking the course link.

[Laura's Blackboard Practice Course \(unavailable\)](#)

## Making Your Course Available

Click on your Course link

Click on the Control Panel Button

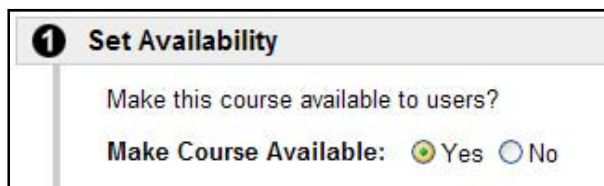

From the *Course Options* Box, click on **Settings**.

Click on the **Course Available** link

Click on the **Yes** radio button

Click the **Submit** button at the bottom of the page.
