

Frequently Asked Questions

RN – BS Program

- **I am interested in attending your school to become an RN, but looking for evening classes.**
We, unfortunately, do not offer an evening option for students.
- **Do you have an LPN to RN program at your school?**
We do not have an LPN to RN bridge. You may want to check with Lewis & Clark Community College or Southwestern Illinois Community College.
- **Does your college offer an online BSN program?**
Yes, we have an online program but it's not 100% online. It's about 85% online. Students are required to come to campus once or twice each semester of the program. The initial gathering is for orientation. A second visit may be required if the instructor wants to get together as a group again, or if there is a special event going on.
