

Parking Services Fact Sheet 2018

The deadline for having a current parking permit in the red and yellow lots is August 27, 2018. The deadline for all other lots is August 20, 2018. **In order to buy a permit, you must have NO outstanding parking citations.**

We suggest you purchase your permit online at siue.edu/parking. You will need to enter your e-ID. You may post the cost of the permit to your student account (there is no handling fee if you choose to add the permit cost to your student account), or you may pay by Discover, MasterCard, Visa, (a nominal handling fee will be applied if you pay online by credit card). You will receive online instructions about picking up your permit after purchase. To buy a permit in the Parking Services Office, you will be required to show a picture ID, such as a University ID and provide current vehicle information. **You may NOT charge your permit to a student account in the Parking Services Office.**

A limited number of evening permits are available for students with evening classes. These permits allow students to park in Lots A or E after 3:00pm. These permits are also honored in the Red permit lots anytime.

July 9, 2018 through August 2, 2018, students may visit the Parking Services website at siue.edu/parking to register, one time only, in a lottery for a chance to purchase one of a limited number of Green permits. Students must select whether they wish to join the lottery for either Lot A or Lot E. If you are a residential student and obtain a Green permit through the lottery, a Housing sticker will be affixed to that permit by Parking Services, so that it will be honored in the residential lots. The names selected will be posted on the website and at the Parking Services office on August 3, 2018. "Winners" must purchase their permits online. You will receive online instruction about obtaining your permit after purchase.

August 6, 2018 through August 16, 2018 students who were not selected for the Lot A or Lot E Lottery may visit Parking Services website at siue.edu/parking to register, one time only, in a lottery for a chance to purchase one of a limited number of Bluff Hall or Evergreen Hall permits. The names selected will be posted on the website and at the Parking Services office on August 17, 2018. "Winners" must purchase their permits online. You will receive online instructions about obtaining your permit after purchase.

There is open parking in the Red and Yellow permit lots during break periods and the 1st week of every term.

If you have any questions, please call the Parking Services Office at (618) 650-3680.
