Evergreen Hall, SIUE's fourth residence hall, is scheduled to open in time for fall semester 2007. The new hall will house upper-classmen and graduate students in a mostly apartment-style environment. The three-and-a-half-story, 190,000-square-foot building will include a multifunction room, two classrooms, a fitness facility, four student organization offices, a conference room, and a 24-hour computer lab. It will feature both wireless and Ethernet computer connectivity. Land-line phone services will be available. Each living unit will be air-conditioned and fully furnished.

**University Vision:** Southern Illinois University Edwardsville, as a premier Metropolitan University, will be recognized nationally for the excellence of its programs and development of professional and community leaders.
