

Viewing Transfer Credit Articulation in SHATATR

The purpose of SHATATR is to allow for the creation and maintenance of both the transfer course information and the equivalent course data for a transfer institution.

The screenshot shows the Oracle Developer Forms Runtime web interface for SHATATR. At the top, there are navigation menus (File, Edit, Options, Block, Item, Record, Query, Tools, Help) and the Oracle logo. Below the navigation is a title bar for 'Transfer Course Articulation - SHATATR 7.3.0.1 (PREPROD)'. The main form area is divided into three sections:

- Institution and Program:** Two dropdown menus for selecting the institution and program.
- Transferring Course:** A form with fields for Equivalence, Group Code, Primary Indicator, Subject, Course, Title, Effective Term, Level, Status, Minimum Grade, Transferred Credits (Low and High), and Converted. There is also a 'Transfer Catalog' dropdown.
- Equivalent Course:** A table with columns for And/Or, Left Parenthesis, Subject, Course, Title, Catalog Low, Catalog High, Credits Used, and Right Parenthesis. It contains several rows of data.
- Attributes and Comments:** Two side-by-side sections. The 'Attributes' section has a dropdown for 'Code' and a 'Description' field. The 'Comments' section has a text area for notes.

At the bottom of the form, there is a status bar showing 'Record: 1/1' and a '<OSC>' button.

- Enter Transferring Institution (school code) number. If the transferring institution number or school code is unknown, double-click on 'All Schools With Articulations on SHATATR'. The institutions are listed in alphabetical order.
- After the Transferring Institution code is entered click on 'Next Block'. This will take you to the 'Transferring Course'.
- From this field you can either hit the down arrow ↓ or enter a query. To enter a query press the 'Enter Query' button or F7 function key. Enter all or part of the subject, followed by the % sign. Press the 'Execute Query' key or F8 function key. This will display the beginning of the files with the requested information. Use the 'Next Record' key or the down arrow ↓ key to find the record you are trying to locate.

Transferring Course Fields

Equivalence – Transferring review indicator. Y means course has equivalent(s), N means course has no equivalents, null means course not yet reviewed

Group Code – Group connector for many to one transfer course relationships

Primary Indicator – Group primary indicator. Must be Y or null. Only one per group allowed

Subject – Subject code of the transferring course

Course – Course number of the transferring course

Title – Course title of the transferring course

Effective Term – Effective term of transferring course (year followed by semester)

Level – Level associated with the transferring course (UG-undergrad)

Status – Status of the transferring course (AC-Active Course; IN-Inactive; PN-Pending Deans Approval)

Minimum Grade – Minimum transfer grade allowed for a particular course

Transferred Credits (Low) – Transferring course low hours

Transferred Credits (High) – Transferring course low hours
