Description of the URCA Assistant Position

This posting includes one funded position. In addition, the faculty member may be willing to mentor additional, unfunded students.

How many unfunded students is this professor taking in addition to his/her one funded student? 0

(Students, if the faculty member will have both funded and unfunded students, he or she is free to select which student receives the funding. Funding cannot be split up between multiple students; only one student will receive it.)

Which of the following apply to this position?

This position is **only** open to students who have declared a major in this discipline. **M**

This project deals with social justice issues. 

This project deals with sustainability (green) issues. 

This project deals with human health and wellness issues. 

How many hours per week will your student(s) be required to work in this position? 9

(Minimum is 6 hours per week; typical is 9.)

Will it be possible for your student(s) to earn course credit? Yes No

If yes, in which course? N/A

If yes, for how many credit hours? N/A

Location of research/creative activities: SIUE Campus and surrounding communities

Brief description of the nature of the research/creative activity:

The student will provide support to me for a study of the recreation/leisure activities of individuals with developmental disabilities on a college campus with support from college students.

Brief description of student responsibilities:

My assistant will be responsible for coordinating participation of individuals with developmental disabilities and college students, developing slide shows and video clips for conference presentation, and data collection of all activities.

URCA Assistant positions are designed to provide students with *research or creative activities* experience. As such, there should be measurable, appropriate outcome goals. What exactly should your student(s) have learned by the end of this experience?

Data collection and monitoring procedures for applied research in recreation and leisure activities for young adults with developmental disabilities.

Requirements of Students

If the position(s) require students to be available at certain times each week (as opposed to them being able to set their own hours), please indicate all required days and times:

This position requires flexibility in scheduling. Some evening and weekend hours will be required.

If the location of the research/creative activities involves off campus work, must students provide their own transportation?

Coordination and data collection activities will be conducted on campus. The student may need own transportation to off campus meetings with young adults with disabilities.

Must students have taken any prerequisite classes? Please list classes and preferred grades:

N/A

Other requirements or notes to applicants:

N/A
