Description of the URCA Assistant Position

This posting includes one funded position. In addition, the faculty member may be willing to mentor additional, unfunded students.

How many unfunded students is this professor taking in addition to his/her one funded student? 1

(Students, if the faculty member will have both funded and unfunded students, he or she is free to select which student receives the funding. Funding cannot be split up between multiple students; only one student will receive it.)

Which of the following apply to this position?

This position is **only** open to students who have declared a major in this discipline. **M**

This project deals with social justice issues. 

This project deals with sustainability (green) issues. 

This project deals with human health and wellness issues. 

How many hours per week will your student(s) be required to work in this position? 9

(Minimum is 6 hours per week; typical is 9.)

Will it be possible for your student(s) to earn course credit? Yes No

If yes, in which course? Psyc 491

If yes, for how many credit hours? 3

Location of research/creative activities: AH 0406

Brief description of the nature of the research/creative activity:

Students will help me enter and analyze URCA data, students will put together a poster for a conference presentation on body image, students will help me update a Health Psychology chapter for a textbook, and will help out with various Health Psych projects.

Brief description of student responsibilities:

literature reviews, collecting data, entering data, analyzing data, writing up intro, methods, results, discussion section of a poster, editing, study design.

URCA Assistant positions are designed to provide students with *research or creative activities* experience. As such, there should be measurable, appropriate outcome goals. What exactly should your student(s) have learned by the end of this experience?

How to conduct literature reviews, collect data, enter data, analyze data, write up intro, methods, results, discussion section of a poster, edit, design study methodologies.

Requirements of Students

If the position(s) require students to be available at certain times each week (as opposed to them being able to set their own hours), please indicate all required days and times:

We will work to set a weekly 1.5 hour lab meeting that meets all of our schedules.

If the location of the research/creative activities involves off campus work, must students provide their own transportation?

N/A

Must students have taken any prerequisite classes? Please list classes and preferred grades:

Students must have taken PSYC 220 and 221 and earned at least a B in both.

Other requirements or notes to applicants:

This position is only open to students who have already worked at least one semester in my Health Psych lab.
