- Made his own notes and worked through them at a reasonable pace.
- Explained the lecture material well.
- Excellent instruction!
- Notes not PowerPoint.
- Reed explains the material very well. I enjoy his style of teaching. He allows appropriate time for his note taking. The lectures online are helpful. Exams are challenging, but fair.
- Went at a steady pace of teaching the material & did not rush.
- His teaching strategies are very helpful. I can sit in class & actually pay attention & learn.

- Gave timely feedback and encouraged us to study on notes and material in our own time and in class with peers.
- Looked at the big picture clearly and relying on students to learn the small details.

14. Please comment on at least one thing the instructor could have done that you believe

would have enhanced your learning.

- Two shorter breaks instead of one longer one.
- I found the videos on lectures hard to follow. I don't think that it was necessarily the video content but my inability to focus while at home.
- -
- -
- Study guides
- Did not prepare students enough for test, as questions on test were extremely difficult to understand
- Made a PowerPoint available for each chapter.
- -
- More examples.
- No suggestions.
- I did not like the videos.
- Give more helpful study guides for exams.
- Better test prep.
- I believe that the quizzes in class should resemble the test questions. I know the test is strictly CPA questions, but I feel I would have been more prepared for the exams if the quizzes were like that as well.
- Review more homework questions.
- -
- Maybe if there was online material to interact with, ex: Pearson My Lab, WileyPlus.
- Note slides on the projector and on Blackboard would make it easier to concentrate on the lecture.
- More real life examples. I relate better when I can compare it to something that has actually happened.
- -
- Gave more examples of questions that were similar to those we were tested on the midterm. The answers and solutions are there, it just takes reading of the textbook and additional digging.
- Assigned more graded HW to go with readings.
- One of the PowerPoints for one of the Blackboard videos wasn't very printer friendly.
- MORE EXAM PREP.
- Given mandatory homework.
- -
- I wish we did more CPA questions in class.
- I wish there was an online module to help with studying.
- Nothing, he is the perfect teacher.
- More exam prep.

- Make it twice a week
- Lots of material was covered quickly due to the short summer session. It's not something that can be changed due to the nature of the course.
- -
- -
- Possibly more online content, but that's nitpicking.
- Go over example questions that are similar to those on exams.
- Extra homework points
- -
- -
- No suggestions
- Encourage reading the book more.
- The exam was brutally hard compared to study guides.
- More review.
- -

- More review.
- -
- Less quizzes.
- -
- Fine the way it is.
- -
- Better prepare us for exams.
- -
- Overall, I have enjoyed this course.
- Creating accountability to make certain students are keeping up with course work.
- -
- Took as a summer course which was difficult. Would be easier if I had taken it during regular school semester.
- -
- -
- I wish the essays had a higher bearing on test grades, because I know the topic and can explain myself but not answer the CPA questions correctly to their liking.
- Online module.
