Catch a Falling Star (CAFS), an organization that promotes socialization, inclusion, and character building in its after school programs, partnered with ***Mathews-Dickey Boys' and Girls' Club*** this last year to provide after school programs to kids at the Club in St. Louis. The two programs CAFS offered after school were a ***Skits & Creative Writing*** program and a ***Newsletter & Computer*** program. CAFS views these programs and the arts as providing an exciting and fulfilling way to achieve goals as well as open up wonderful new avenues of expression to the children. We are excited about additional schools in 2011 that will be using our programs. To learn more about the CAFS mission and activities please visit us on ***Twitter @CatchAStarOrg*** or our website: ***www.catchafallingstar.org***.
