So you know where our faculty are coming from ...

Harvard, Princeton, Yale, Ohio State, Washington University, University of California (L.A., Berkeley, Davis, Irvine, et al.), University of Missouri, University of Illinois, Stanford, Dehli University, Johns Hopkins, Georgetown, Vanderbilt, University of Paris, Texas A&M, Penn State, Rutgers, Michigan State, and yes, Southern Illinois University Edwardsville ...

... to name just a few.

About 81 percent of SIUE faculty hold terminal degrees in the discipline they teach. And our faculty — not grad assistants — teach 97 percent of all classroom hours.

So now that you know where we’re coming from, maybe SIUE is where you should be going to — dangling prepositions notwithstanding.
You won't have to give up your day job, but you can leave it behind.

Southern Illinois University Edwardsville is practically in your own back yard. You can get here from the Gateway Arch in about 25 minutes — a quick, easy drive on the interstate gives you just enough time to unwind and leave your day behind.

We offer flexible scheduling with evening and Saturday courses that you can arrange to fit your life now and your plans for the future.

Want to learn more? Give us a call. We’ll be glad to help you.

We’re one of those ‘Midwestern values’ you’ve heard so much about.

For nearly 45 years, Southern Illinois University Edwardsville has been turning out highly qualified graduates while keeping tuition rates among the lowest in Illinois and the region. And for years, other university officials have scratched their heads and wondered, “How do they do that?”

Here are some of the ways:

- in-state tuition rates for Missouri graduate students taking 6 or fewer semester hours
- out-of-state rates that rival many Missouri in-state rates
- a variety of financial aid options.

But you needn’t worry yourself about how we provide such a great educational value. Just enjoy.

Get a degree **worth more** than the **paper** it’s **printed on**.

When looking for a grad school, ask, “What do others say about this program? Is it accredited? By whom?”

SIUE graduate programs carry accreditation by the nation’s most-respected bodies:

- American Assembly of Collegiate Schools of Business
- National League for Nursing Accrediting Commission
- American Speech and Hearing Association
- American Art Therapy Association
- National Council for Accreditation of Teacher Education.

... and more. So it’s a good idea to do your homework *before* you choose a graduate program.

Turns out the Mississippi’s not so mighty after all.

In fact, for our purposes, the only thing mighty about it is that it’s mighty easy to get to Southern Illinois University Edwardsville if you’re crossing it. You can get here from the Gateway Arch in about 25 minutes — a quick, easy drive on the interstate gives you just enough time to unwind and leave your day behind.

We offer flexible scheduling with evening and Saturday courses that you can arrange to fit your life now and your plans for the future.
