Hiyo Silver ...
Award!

We don’t want to pat ourselves on the back, but, well, yes, yes we do. SIUE’s new Web site design received a Silver Award — second place nationally among like institutions — in the Admissions Marketing Report 21st Annual Admissions Advertising Awards. The Web site features a bold new look and improved navigation. It’s a work in progress (isn’t every Web site?), but we’re off to a good start. If you haven’t visited in a while, take a look.
