

Undergraduate Political Science

Degrees Available at SIUE

- Bachelor of Arts in Political Science
- Bachelor of Science in Political Science

Political Science at SIUE

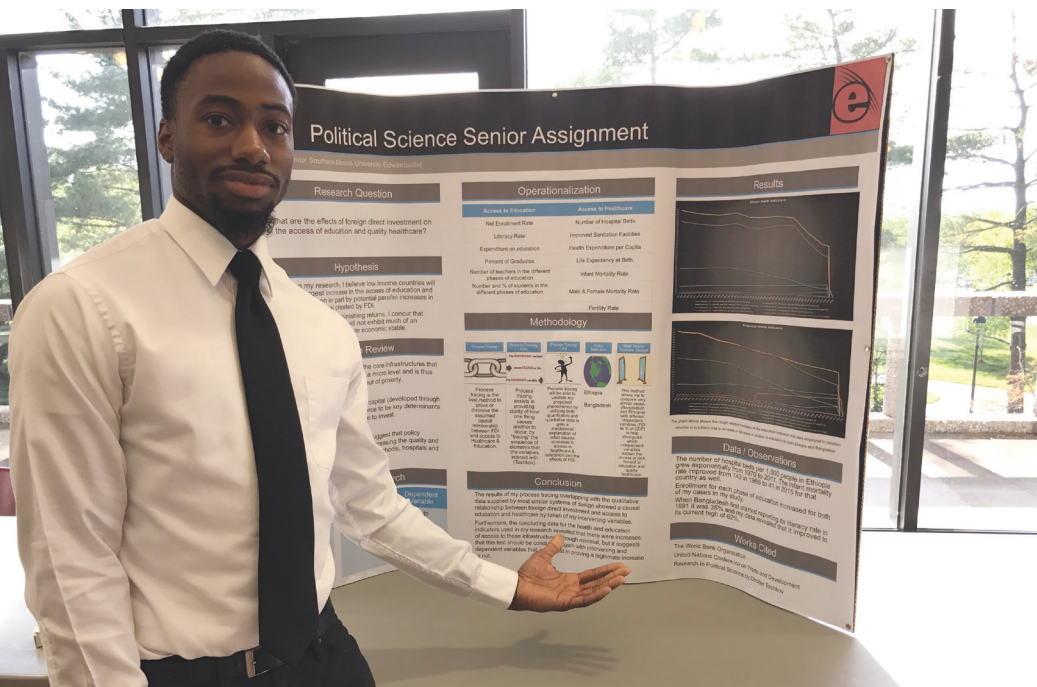

The Department of Political Science in the College of Arts and Sciences offers courses broadly concerned with the study of government and politics, organized into seven fields:

- American government and politics: Students examine the institutions and behaviors of the U.S. political system, including federal, state, and local structures; campaigns; elections; political organizations and issues of public policy.
- Comparative politics: Students learn about and compare the political cultures, economies, parties and institutions within other countries.
- International relations: Students study the relations among nations and relations with international bodies, such as the United Nations.
- Political theory: Students examine the attempts of important thinkers to define the functions of the state and the rights and obligations of citizens, and study efforts to develop comprehensive theories of politics through analysis and the evaluation of political behavior.
- Public administration: Students explore bureaucracies, leadership and the ways in which public business is conducted.
- Public law: Students examine the nature of the judicial process and the role of the courts in interpreting and applying the Constitution of the United States.
- Political analysis: Students explore research design, concepts and methodology.

Career Opportunities

Students who major in political science have entered a wide variety of careers in business, government service (at the federal, state and local levels), law, journalism, and public or private interest groups. Our graduates understand regulatory environments, and do well in industries such as banking and insurance, as well as industries that have compliance concerns, such as defense contractors and hospitals. A program in teacher licensure (6-12) is also available.

In addition to providing preparation for specific careers, a major in political science provides excellent career-building skills, such as data analysis, research skills, statistical techniques and expository writing. Of the 40 largest employers in the bi-state region, six are governments and government contractors, five are educational institutions and four are financial institutions. A degree in political science will prepare you to work for more than one-third of the region's major employers.

NOTES – Students wishing to obtain a Bachelor of Arts degree may do so by adding one year of foreign language.

Transfer Students To maximize your transfer experience, complete the **bolded** courses/requirements pre-transfer **AND** satisfy either the Illinois Articulation Initiative (IAI) General Ed Core or receive an AA, AS, or AAT (early childhood, special ed or math) degree from an IAI community college. If 'Minor' requirements are shown, discuss careful course selection with the academic advising contact listed. Transfer Credit Equivalency Guides are located at siue.edu/transfer.

Admission Requirements

Students applying for a major or minor in political science must have:

- Completed the General Education requirements for writing skills (ENG 101 and 102 or equivalent)
- Resolved all high school course deficiencies
- A minimum overall grade point average of 2.5. This requirement also applies to any transfer GPA.

Course work completed at regionally accredited institutions will be evaluated upon admission to the University. Results of transfer credit evaluations are available to students through CougarNet.

Graduation Requirements

Students majoring in political science must complete a POLS 400 - Senior Assignment.

Students must receive a grade of C or better in all political science courses that count toward the major or minor, with a minimum GPA of 2.0 in all political science classes taken at SIUE.
