Educational Leadership at SIUE

The Department of Educational Leadership offers two programs of study leading to the Education Doctorate (EdD) in educational leadership:

- District-level/superintendent leadership option
- **General school leadership option**

The general school leadership option is designed for educators (including teachers and others involved in education) who want to pursue careers as leaders at the school or organizational level, but not the district level. Through doctoral study, they develop expertise in using research to make changes to schools and other learning organizations to improve learning outcomes.

Students in the general school leadership option complete a general program of study during the first two years of the program and do not pursue the superintendent endorsement. After completion of the first two years, students in the general school leadership option and students in the district-level leadership option complete one year of advanced study of school law, policies and policy-making, and research. Students are then required to complete a research-based capstone project. The advanced coursework and the research capstone project typically require two years to complete.

Degrees Available at SIUE

Admission Requirements Cont.

- Written responses to three focus questions that consider the goals of the EdD Program and preparation for doctoral study
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at graduateadmissions@siue.edu.

All requirements will be reviewed by a faculty admissions committee to determine the potential of the candidate to affect educational improvement.

Graduation Requirements

Prior to beginning the research sequence (EDAD 690 and 698), students must pass the qualifying examination for advancement to candidacy. The examination consists of essay questions that address course content and is taken after EPFR 605 (before EDAD 690 and 698). The exam is read by faculty and assessed for content and quality. Candidates must pass the examination to advance.

Final Capstone Research Project: The project requires an extensive written document that presents the results of the candidate's research. An oral presentation and successful defense of the project before a committee of three faculty members is required for program completion. Planning the project occurs in EDAD 690 and the project is carried out, defended, and finalized in EDAD 698.
