**Educational Leadership - Superintendent**

**Degrees Available at SIUE**
- Education Doctorate (EdD)

**Program Format**
Courses are offered in a flexible, blended/hybrid format. Students are required to meet on-campus one evening per week, while also completing assignments online. A typical student will complete two, eight-week courses each semester. For students holding a master’s degree, the program will typically take four years to complete (two years for the specialist degree coursework, and two years for the additional advanced coursework and the research sequence). For students already holding their superintendent specialist degree, the program typically will take two years to complete.

**Educational Leadership at SIUE**
The Department of Educational Leadership at SIUE offers two programs of study leading to the Education Doctorate (EdD) in educational leadership:
- Superintendent/district-level leadership option
- General school leadership option

The superintendent/district-level leadership option embeds existing coursework leading to advanced certification as a district-level school administrator (superintendent). In addition to this coursework, candidates focus on advanced study of district-level leadership, school law, politics, policy-making and research.
