

Degrees Available at SIUE

- Bachelor of Science, Electrical Engineering

Electrical Engineering at SIUE

Electrical engineering and computer engineering disciplines are concerned with the development and application of electrical and computer technology to enhance and enrich all life. Electrical and computer engineers, as part of this mission, are engaged in a wide variety of activities that include:

- Space exploration and remote sensing
- Process control and automation
- Automatic control systems for use in robotics, missiles, aircraft and manufacturing plants
- Electric power generation and distribution, environmentally responsible generation and use of energy
- Audio- video- and data-communication systems, and satellite communications
- Digital processing of signals and images using the computer
- Design and manufacturing of faster and more capable microprocessors for the computers of tomorrow
- Applications of technology in the healthcare field through computerized ultrasound, radiology, tomography and imaging systems, computer-aided diagnosis and treatment, and telesurgery

The applications listed above require a solid foundation in mathematics and physics, which requires electrical and computer engineering students to go through a substantial set of courses in these areas. In addition, today's engineers also must be aware of a wide variety of global, social, ethical, economic and environmental issues that are relevant to the systems they design and build. Our bachelor's degree programs include courses and projects designed to build this awareness. The electrical and computer engineering program mission is consistent with the mission of the University and the School of Engineering.

The Department of Electrical and Computer Engineering has several well-equipped modern laboratories for computation, simulation and measurement. Individual laboratories to support elective courses in the areas of computers, control, digital signal processing, image processing, and power also are available to students.

What can I do with a degree in electrical engineering?

Electrical and computer engineers find employment in a wide variety of manufacturing companies such as aerospace and aircraft, electric manufacturers, computer circuit (a.k.a. "chip") manufacturers, and medical equipment manufacturers. They are employed in the fields of research, design, manufacturing and sales. Many public utilities, which include power companies and telephone companies, employ both computer engineers and electrical engineers. Other potential employers include oil companies, railroads, food processing plants, chemical and biological laboratories, chemical plants, various branches of federal government, and many consulting engineering companies.

Admission Requirements

To be admitted to the Bachelor of Science program, students must:

- Complete all academic development courses required by the University
- Complete any courses required to address high school deficiencies
- Complete MATH 120, College Algebra (or high school equivalents) with a grade of C or better
- Attain a cumulative GPA of at least 2.0 (on a 4.0 scale)

Graduation Requirements

- Satisfactory completion of all University and degree requirements
- A cumulative GPA of 2.0 or higher for courses taught in the School of Engineering
- A GPA of 2.0 or higher in electrical engineering courses numbered above 299
- Completion of at least 30 hours of the required electrical engineering courses at SIUE

Faculty

George L. Engel, DSc

1990, Washington University

Amardeep Kaur, PhD

2014, Missouri University of Science and Technology

Jon D. Klingensmith, PhD

2003, Case Western Reserve University

Robert W. LeAnder, PhD

2002, University of Illinois - Chicago

Andy G. Lozowski, PhD

1999, University of Louisville

Steve Muren, MS

2000, Southern Illinois University Edwardsville

Brad Noble, DSc

2000, Washington University

Scott E Umbaugh, PhD

1990, Missouri University of Science and Technology

Xin Wang, PhD

2011, Marquette University

Yadong Wang, PhD

2010, University of Oklahoma

Timothy York, PhD

2015, Washington University

Sample Curriculum for the Bachelor of Science in Electrical Engineering

Fall Semester

Spring Semester

	Fall Semester	Spring Semester
Year 1	MATH 150 Calculus I (FQR) 5	MATH 152 Calculus II (BPS) 5
	CHEM 131 Engineering Chemistry (BPS) 4	PHYS 141 Physics I for Engineering (BPS) 3
Year 2	CHEM 135 Engineering Chemistry Lab (EL) 1	PHYS 151L University Physics I Lab (EL) 1
	IE 106 Engineering Problem Solving 3	ENG 102 English Composition II 3
Year 3	ENG 101 English Composition I 3	ACS 103 Interpersonal Communication (EUSC) 3
	FST 101 Succeeding & Engaging at SIUE 1	Total Credits 15
Year 4	Total Credits 17	
	ECE 210 Circuit Analysis I 3	ECE 211 Circuit Analysis II 4
Year 1	CS 145 Introduction to Computing I 3	ECE 282 Digital Systems Design 4
	MATH 250 Calculus III (BPS) 4	MATH 305 Differential Equations I 3
Year 2	PHYS 142 Physics II for Engineering (BPS) 3	ECON 111 Macroeconomics (BSS) 3
	PHYS 152L University Physics II Lab 1	Breadth Fine & Performing Arts (BFPA) 3
Year 3	Total Credits 14	Total Credits 17
	ECE 326 Electronic Circuits I 4	ECE 340 Engineering Electromagnetics 3
Year 4	ECE 351 Signals and Systems 3	ECE 365 Control Systems 3
	ECE 352 Engineering Probability and Statistics 3	ECE 375 Introduction to Communications 3
Year 1	MATH 355 Engineering Mathematics 5	Non ECE Tech Elective 3
	Health Experience (EH) 0-2	Breadth Info & Communication in Society (BICS) 3
Year 2	Total Credits 15-17	Breadth Life Science (BLS) 3
		Total Credits 18
Year 3	ECE 404 ECE Design 3	ECE 405 ECE Design Laboratory 3
	ECE 341 Electromechanical Energy Conv. 4	ECE Elective III 3
Year 4	ECE Elective I 3	ECE Elective IV 3
	ECE Elective II 3	IE 345 Engineering Economic Analysis 3
Year 1	PHIL 323 Engineering, Ethics & Professionalism (FRA, BHUM) 3	Interdisciplinary Studies/Experience Global Cultures (IS, EGC) 3
	Total Credits 16	Total Credits 15
		Total Hours 127-129

Transfer Students: To maximize your transfer experience, complete the **bolded** courses/requirements pre-transfer and satisfy the Illinois Articulation Initiative (IAI) General Ed Core or receive an AA, AS, or AAT (early childhood, special ed or math) degree from an IAI community college. If 'Academic Emphasis Area' requirements are shown, discuss careful course selection with the academic advising contact listed. Visit siue.edu/transfer to find course equivalency guides.
