

The Robert Fleming Memorial Award was established after the death of Robert Fleming, a former student at SIUE, and an advocate for persons with disabilities. Although the award was only presented for two years, it was awarded to students who exemplified many of the qualities that Robert Fleming hoped people would exhibit toward persons with disabilities. He would have been very proud.

Receipients:

2000 – Erin Leigh McKittrick & Laurie Jean Martin

2001 – Rachel Pittman Townsend
