

MATHEMATICS REQUIREMENTS

All SIUE students are required to take QR 101: Quantitative Reasoning which has no prerequisite. Students may use MATH 145: Calculus for the Life Sciences or MATH 150: Calculus I, with a grade of C or better as a substitute for the QR 101 requirement. In addition, students may also take a proficiency exam.

For students whose majors require mathematics courses, placement into courses is based on performance in the ALEKS Placement Exam as illustrated by the following table:

Mathematics Placement Based on ALEKS Scores

ALEKS Score	You can register for:
Less than 30	AD 070: Beginning Algebra*
30 to 45	MATH 120E: Enhanced College Algebra
46 to 60	MATH 120: College Algebra
61 to 75	MATH 125: Precalculus
Above 75	MATH 145: Calculus for the Life Sciences MATH 150: Calculus I

*Not college-credit bearing
