Information Technology

IT Strategic Plan – The Business Value Engine

IT Strategic Objectives

- **Provide a cybersecurity program** that allows for the safe and secure operation of Ameren's assets and protection of customer and employee data
- **Leverage corporate data** as a strategic asset and use it for competitive advantage
- **Enhance field workforce productivity** by leveraging mobility solutions
- **Transformation of Ameren's energy networks** from rigid, one-way systems to dynamic, automated, and reliable information networks
- **Enhance customer engagement & satisfaction**, through the deployment of a functionally rich and easy to use multi-channel experience
- **Increase employee productivity** by improving the ability to collaborate with information

IT Strategic Projects – 2014

- **Advanced Meter Infrastructure (AMI)**
- **Smart Grid Communication Network (SGCN)**
- **Gas Compliance & Asset Management (GCAM)**
- **Automated Distribution Management System (ADMS)**
- **Choice for Gas Customers**
- **General Gas Transportation Enhancement (GGTE)**
- **Trading & Marketing Application Portfolio Modernization**
- **Logical Access & Identity Management Optimization**

Project Management – a collection of disciplines and best practices that provide a high degree of confidence that desired business results will be achieved

What is Really Needed?

- **Leadership** – ability to influence people...throughout your project organization
- **Teamwork** – ability to work on and contribute to team success
- **Communication** – ability to tailor your message; listen for understanding and communicate so others hear you
- **Challenge the Status Quo**
- **Recognize Potential Problems Early**
 - Create an environment where bad news is welcomed
 - Offer alternative solutions and work-a-rounds
- **Security & Compliance Awareness**
 - Build it in a way that it can be operated securely and safely....its about sustainability

Integrity

Teamwork

Respect

Ameren believes that people are the foundation of our success and the key to achieving our vision. We look to hire employees who best match our vision, mission and values.
