

# EXHIBIT WITH THE STATE OF ILLINOIS

**COLLISION**

# COLLISION

Toronto, Canada | June 26 - 29, 2023

Collision is one of the world's largest tech conferences. There will be 33,000 attendees, 850+ investors, 800+ speakers, 1,250+ start-ups, 1,200+ journalists, and 120+ countries represented. Make valuable global connections and meet peers and mentors in the tech industry. Collision builds community through networking.

#### At Collision, you will have opportunities to:

- Network with peers and mentors in the technology industry
- Learn through Collision's program with topics ranging from data science to auto tech and environmental sustainability
- Generate leads that can help your company grow

OTI will provide a limited number of start-up packages to Illinois technology companies that meet the criteria. To learn if your company qualifies, contact either Chris Sedgwick or Jeffrey Johnson.

#### Participation Details:

Illinois companies who qualify for this mission will receive the following:

- Assistance in preparing the application
- Market briefings
- Pre-event educational webinar
- Assistance in networking and outreach

**Participation Fee:** \$500
