COURSE DESCRIPTION

Day One–The dental team will be updated on recent developments in dental pharmacology while providing strategies for prescribing antibiotics, analgesics and mucositis agents to ensure therapeutic success. Strategies for treating medicated and medically complex patients will also be presented and discussed. Day 2- will be a hands-on and lecture comparing and contrasting restorative materials and techniques to restore anterior and posterior teeth in high and low caries -risk situations with esthetic outcomes.

ABOUT THE SPEAKERS

Karen Baker, RPh, MS Clinical Pharmacology

Karen Baker is Professor Emeritus of Clinical Pharmacology at the University of Iowa College of Dentistry. She has taught clinical pharmacology at the University of Iowa College of Dentistry for 45years as Chair of the Pharmacology Department. She is a clinical pharmacist with a Masters degree in clinical pharmacology and therapeutics and is focused on patient-specific dental drug therapy. She has given well over 1500 invited lectures nationally and internationally and provides legendary handouts to enhance her entertaining and practical lectures.

Dr. Poonam Jain, B.D.S., M.S., M.P.H.

Dr. Poonam Jain has over 28 years of experience in dental education and clinical dental practice. After receiving her M.S. and a certificate in Operative Dentistry from the University of Iowa College of Dentistry, she started as and Assistant Professor of Operative Dentistry at the SIU School of Dental Medicine, SIUSDM. In that role, she taught Operative Dentistry and dental materials in the preclinic as well as on the clinic floor. Dr. Jain became Associate Professor in 2004 and Professor in 2012 at the SIU School of Dental Medicine. In 2006, Dr. Jain became Director of Community Health at SIUSDM. Dr. Jain earned her M.P.H. degree from the School of Public Health and Social Work from St. Louis University in 2011. In 2016, Dr. Jain joined AT Still University's Missouri School of Dentistry and Oral Health as Vice Dean of Clinical Affairs and Advance Education until 2025. Dr. Jain has maintained a private practice of General Dentistry since 1998. In 2007, she founded Staunton Family Dentistry and focuses on General and Esthetic Dentistry with a special emphasis on prevention and whole-person care. Dr. Jain serves as a consultant for the dental industry as well as other healthcare organizations.

The Illinois AGD is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by the AGD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 8/1/23 to 7/31/29.

Dr. Poonam Jain B.D.S, MS, M.P.H.

Course Objectives:

Day One:

1. Prescribe the most appropriate antibiotic or analgesic regimens based on patient and drug characteristics and efficacy.
2. Recognize dental treatment considerations for safely managing patients on antihypertensives, anticoagulants, weight loss drugs and immunotherapy drugs as well as other drugs for the complex medical patient.
3. Avoid potentially harmful interactions between dental drug therapies and medical drug therapies.
4. **Day Two:** Compare and contrast restorative materials and techniques to reliably restore anterior as well as posterior teeth in high caries-risk situations with esthetic outcomes.
5. Create treatment plans for patients with dry mouth and other medical conditions requiring extensive restorative dental work.

Supplies: **For the hands**-on session please bring magnification eyewear; Highspeed handpiece to connect with 4-hole adaptor hose; Low speed with latch attachment. and extracted teeth and your favorite composite instruments and finishing/polishing and caries excavation burrs.
