**if the mean participation rating from your fellow group members is 6 – 8 your course grade will be dropped one letter grade; if the mean participation rating from your fellow group members is < 6 your course grade will be dropped two letter grades.**

***you must receive a grade of “C” or better on the Individual Paper in order to pass the course.***
**EXPECTATIONS & POLICIES**

- **Your attendance is expected; however, please make your health and the health of others a priority.** If you or your significant others are dealing with health-related issues that interfere with your ability to perform in this course, please let me know.
- **This is a demanding class - you should only take this class this semester if, in addition to class time, you are able to meet with your group outside of class on at least a weekly basis.**
- **Participation is expected.** Your group is counting on you. If you don’t contribute your fair share to your group’s work, you cause your colleagues to have to work harder. A lack of adequate participation could cause you to fail this course.
- **Attend group meetings.** Except when emergencies or health-related issues arise, you are expected to meet with your group at least once per week outside of class.
- **Read assigned material.** In order to discuss material with your group members and instructor as well as to generate project ideas and ask informed questions you are expected to keep up with the reading. If it becomes apparent to me that your group members have not read the assigned material, I will postpone meeting with your group until all group members have done so.
- **Check your email regularly.** I will frequently send emails to you during the semester and these emails will contain important information about the course and/or your group’s project.
- Only in extreme circumstances and with my prior approval can late assignments be considered. Unless otherwise noted, if a late assignment is approved, it will automatically be **docked one letter grade and then an additional letter grade for each day it is late.**
- The timeline from project development to project completion is very tight. You and your fellow group members will need to be active and take initiative to maintain progress on your project--there is no time to waste.
- **Collegiality, Professionalism, and Ethics.** You are expected to conduct your data collection as well as your interactions with group members and research participants professionally. Your group is relying on you—you are expected to be dependable, reliable, and follow-through on the commitments you make. It is understandable that there may be times that you have conflict within your group; however, you are expected to deal with this in a mature and collegial way.
- **Academic Honesty.** Making up data, falsifying results, and plagiarizing are serious infractions that will be reported to the Provost’s office and will at minimum result in an “F” in this course. For the individual paper you are required to write you may NOT work with other group members, nor can you read their papers.
- **Initiative.** While I am available and happy to assist you with your research, ultimately the project is yours. Consequently, it is up to you and your group members to keep your project moving forward.
- **Final Grades are Not Negotiable.** I do not “round” point totals on final grades. Letter grades for the course are not negotiable and will be assigned based on the Final Grade scale above.
• **Fun!** Enjoy this experience. My hope is that you’ll find that it’s exciting to put together a study, collect the data, collaborate with your peers, and take pride in your accomplishments. Look at this as a unique opportunity to use and enhance your critical thinking, research, teamwork, and presentation skills!

**PSYCHOLOGY DEPARTMENT SENIOR ASSIGNMENT POLICY**

All students at SIUE are required to do a Senior Assignment in order to graduate. This is the class in which you will work on this project. In order to pass the Senior Assignment requirement, you must 1) pass your Capstone course with a grade of C or better, 2) present a poster based on the project you completed in the Capstone class at the Department of Psychology’s Senior Assignment Poster Session, 3) have your poster deemed acceptable by the faculty (i.e., a mean rating of 3 or above on the faculty evaluation form), and 4) fulfill any other senior assignment requirements stipulated by your professor. In the event that you do not fulfill all four requirements in a given semester, you will need to retake the Capstone course and complete all four requirements in a subsequent semester. For example, if you receive below a C in the Capstone course, even if your poster presentation is deemed acceptable by the faculty, you will fail to complete the senior assignment requirement and must retake Capstone in its entirety with a new project. If you receive a C or better in the Capstone course, but your poster presentation is deemed unacceptable by the faculty, this in most circumstances will result in having to retake Capstone in its entirety, unless the Capstone professor presents evidence to the contrary. In order to help you with this endeavor, you have several resources: your Capstone professor, the Senior Assignment Coordinator (Dr. Ro), and two Senior Assignment Graduate Assistants (Maddie Jenkins and Katelyn Scott).

This semester’s Senior Assignment Poster Session will take place on **Thursday, December 1st, 2022 from 3:30 – 4:45 (with a pinning ceremony to follow from 4:45 to 5:15) in the basement of Alumni Hall in the Research Hallway (back hallway by the Resource Center).** Your attendance at this event is mandatory in order to pass Senior Assignment – please plan your schedule accordingly! In the event that a medical emergency or other extenuating circumstance (e.g., jury duty, death in the family, religious obligation) might prevent you from attending the Senior Assignment poster session you must seek approval from your capstone instructor immediately and provide documentation. Should you miss the poster session for this reason you may be required to complete an individual makeup assignment equivalent to the poster session.

We will have a mandatory in-class meeting with the SRA graduate assistants during the 2nd week of classes where specific procedures relating to SRA will be discussed. Please make every attempt to be in class on that day. Should you be absent, you MUST contact the SRA graduate assistants as soon as possible for an individual appointment with them to hear this information. The SRA GAs’ office is AH 0348 (Resource Center). You can e-mail them at psychsra@yahoo.com for an appointment. You can also reach Dr. Ro, the Senior Assignment Coordinator, at ero@siue.edu or during her office hours (Tuesdays and Wednesdays 11 am -12 pm).

The SRA GAs will need to be e-mailed by **ONE member of your group by November 11th (Friday)** with the following information: your Capstone professor’s name, the title of your poster, and the names of all other members of your group.
Finally, students who take their capstone class in the fall may consider applying to present their research at the Midwestern Psychological Association (MPA) annual meeting in Chicago the following spring (typically late April). Having your research accepted for presentation here is extremely prestigious and will look great on your vita/resume. If your capstone work is accepted, the Department of Psychology may be able to fund part of your trip’s costs, although not guaranteed. The application is typically due toward the end of October. If you are interested in this option, you need to let your capstone professor know and he/she will provide guidance with the application process. Once you commit to this presentation mode, and are accepted, at least one member of your group must attend the conference.

Once again, if you have any questions related to Senior Assignment, please email Dr. Ro (ero@siue.edu) or the Graduate Assistants (psychsra@yahoo.com).

STUDENTS NEEDING ACCOMMODATIONS
Students needing accommodations because of medical diagnosis or major life impairment will need to register with Accessible Campus Community & Equitable Student Support (ACCESS) and complete an intake process before accommodations will be given. Students who believe they have a diagnosis but do not have documentation should contact ACCESS for assistance and/or appropriate referral. The ACCESS office is located in the Student Success Center, Room 1270. You can also reach the office by e-mail at myaccess@siue.edu or by calling 618.650.3726. For more information on policies, procedures, or necessary forms, please visit the ACCESS website at www.siue.edu/access.

PSYCHOLOGY DEPARTMENT POLICY ON WITHDRAWALS AND INCOMPLETE GRADES
All withdrawals must be completed by the end of the 13th week of classes during fall and spring, and by a similarly late date (i.e., before 82% of class meetings have occurred) in any summer term. Grades that apply to students who initiate a withdrawal and grades that apply when a student fails to officially withdraw within established deadlines are determined by university policy (see https://www.siue.edu/registrar/class/dropping.shtml).

The granting of a grade of I (Incomplete) is not automatic. It is available only in cases when a student has completed most of the work required for a class but is prevented by a medical or similar emergency from completing a small portion of the coursework before the deadline for grade submission. An I must be approved by the instructor with appropriate documentation provided by the student. If an instructor agrees to give a student an I, the instructor will fill out a Memorandum of Incomplete Grade to be kept with the student’s records. If the work is not completed by the time specified on the Memorandum, the student’s grade will be changed from I to F.

PSYCHOLOGY DEPARTMENT POLICY ON PLAGIARISM
Plagiarism includes either presenting someone else’s words without quotation marks (even if you cite the source) or presenting someone else’s ideas without citing that source. If you plagiarize, your instructor cannot evaluate your understanding of the topic. When paraphrasing from another source, at the very least the student should change the wording, sentence syntax, and order of ideas presented in the paper. Ideally, the student will integrate ideas from multiple sources while providing critical commentary on the topic in a way that clearly identifies whether words and ideas are those of the student or are from another source.
Plagiarism is one type of academic misconduct described in SIUE’s Student Academic Code (http://www.siue.edu/policies/3c2.shtml). University policy states that “Normally a student who plagiarizes shall receive a grade of F in the course in which the act occurs. The offense shall also be reported to the Provost.” (http://www.siue.edu/policies/16.shtml). The University policy discusses additional academic sanctions including suspension and expulsion from the University.

PSYCHOLOGY DEPARTMENT POLICY ON WRITING
As a student in this course, you will be expected to display university-level writing, which includes completing course assignments that meet the following basic writing criteria. Specifically, all written assignments completed for this course should include:

- clear transitions from sentence to sentence and idea to idea (e.g., paper is organized/flows well);
- verb tense consistency;
- clear and unambiguous sentences and ideas;
- writing that is free of typos, spelling errors, and major grammatical errors;
- properly formatted citations and references (if relevant).

This is by no means an exhaustive list of basic writing skills but will give you an idea of what we are looking for in our papers. If you feel you need help with your writing, you are encouraged to seek assistance from the writing center on campus (http://www.siue.edu/is/writing) or utilize one of the many online resources they have identified to help students (https://www.siue.edu/lss/writing/resources.shtml). If your graded written assignments fail to meet the basic writing requirements listed above (and any others found to be appropriate by your instructor), the instructor will stop the grading process and return the paper to you (see below for the specific policy for this class).

UNIVERSITY COVID-19 POLICIES

Health and Safety
The measures outlined below are required and any student who does not comply may be in violation of the COVID-19 People-Focused Health and Safety Policy, as well as the University’s Student Code of Conduct.

The full text of the COVID-19 People-Focused Health and Safety Policy can be found here: https://www.siue.edu/policies/Covid.shtml

Classrooms, Labs, Studios, and Other Academic Spaces

Individual faculty of record may determine that masking will be required in their classrooms and are asked to communicate accordingly with students. Face masks may be required in other campus sites following guidance from governing regulatory agencies.

- Students who forget to wear a face covering when masking is required will be reminded of their obligation to comply with SIUE’s COVID-19 People-Focused Health and Safety Policy
and temporarily asked to leave the class until they are able to conform to the policy. Students who forget or lose their face coverings when masking is required may be able to obtain replacements from a friend, a faculty member, or a nearby departmental office. Face coverings are also available for purchase in the Cougar Store (MUC).

- Students who refuse to wear a face covering when masking is required will be asked to leave the classroom and referred to the Dean of Students for non-compliance with community health and safety protocols. Repeated non-compliance may result in disciplinary actions, including the student being administratively dropped from an on-ground/face-to-face course or courses without refund if no alternative course format is available.
- If a student has a documented health condition which makes wearing a face covering medically intolerable, that student should contact ACCESS to explore options with the understanding that ACCESS will not grant accommodations which excuse the need for a face covering while on campus or in the classroom. ACCESS will work with qualifying individuals to find reasonable alternatives, whenever such solutions are available. Please call or contact the ACCESS Office via email to schedule an online appointment to discuss potential alternatives. ACCESS Office (Student Success Center, Room 1203, 618-650-3726, and myaccess@siue.edu).

**General Health Measures**
Students and employees are expected to review the siue.edu/coronavirus website (https://www.siue.edu/about/announcements/coronavirus/) to better understand prevention strategies and safety expectations.

- Students and employees are expected to maintain healthy hygiene practices.
- Students and employees are expected to follow COVID-related guidelines and directions.
- Students and employees are expected to conduct a daily health self-assessment and isolate themselves if COVID-related symptoms are present. COVID-related symptoms include:
  - Fever (100.4 degrees or above) or chills
  - Cough
  - Shortness of breath or difficulty breathing
  - Fatigue
  - Muscle or body aches
  - Headache
  - New loss of taste or smell
  - Sore throat
  - Congestion or runny nose
  - Nausea or vomiting
  - Diarrhea
Academic Integrity
Students are reminded that the expectations and academic standards outlined in the Student Academic Code (3C2) apply to all courses, field experiences and educational experiences at the University, regardless of modality or location. The full text of the policy can be found here: https://www.siue.edu/policies/3c2.shtml.

Recordings of Class Content
Faculty recordings of lectures and/or other course materials are meant to facilitate student learning and to help facilitate a student catching up who has missed class due to illness or quarantine. As such, students are reminded that the recording, as well as replicating or sharing of any course content and/or course materials without the express permission of the instructor of record, is not permitted, and may be considered a violation of the University’s Student Conduct Code (3C1), linked here: https://www.siue.edu/policies/3c1.shtml.

Potential for Changes in Course Schedule or Modality
As the COVID-19 pandemic continues, there remains a possibility that planned classroom activities will need to be adjusted. Depending on circumstances and following state-issued recommendations, potential changes include alterations to distancing requirements, course modality (e.g., transition from face-to-face to online, hybrid, or hy-flex, mask wearing, in-course activities, etc). These changes would be implemented to ensure the successful completion of the course while preserving health and safety. In these cases, students may be provided with an addendum to the class syllabus that will supersede the original version. If the course schedule or modifications significantly alter expectations, a new syllabus will be issued.

DIVERSITY AND INCLUSION
SIUE is committed to respecting everyone’s dignity at all times. In order to learn, exchange ideas, and support one another, our virtual and physical classrooms must be places where students and teachers feel safe and supported. Systems of oppression permeate our institutions and our classrooms. All students and faculty have the responsibility to co-create a classroom that affirms inclusion, equity, and social justice, where racism, sexism, classism, ableism, heterosexism, xenophobia, and other social pathologies are not tolerated. Violations of this policy will be enforced in line with the SIUE Student Conduct Code.

The Hub https://www.siue.edu/csci is an excellent resource for students for support and community. Any person who believes they have experienced or witnessed discrimination or harassment can contact Ms. Jamie Ball, Director in the Office of Equal Opportunity, Access and Title IX Coordination at (618) 650-2333 or jball@siue.edu. There is also an online form for reporting bias incidents at https://cm.maxient.com/reportingform.php?SIUEEdwardsville&layout_id=10.
