### Course Description

Psychology is a science. PSYC220 and PSYC221 introduce students to the common research designs and statistics used in psychology and other behavioral sciences. PSYC220 focuses on nonexperimental research designs and descriptive statistics. PSYC221 focuses on experimental research designs and inferential statistics. These classes will prepare you to critically engage with research in all areas of psychology and develop your scientific skepticism as a consumer of research. **Prerequisite: C or better in PSYC 111**

### Course Objectives

In this course, students will learn to:

- Understand nonexperimental research designs and their appropriate statistical analyses
- Compute descriptive statistics by hand and use SPSS (statistics software) to analyze data
- Design and conduct survey studies and write research reports in APA style

### Required Materials

**Research Methods textbook:** Gravetter, F. J., Wallnau, L. B., Forzano, L. B., & Witnauer, J. E. (2018). *Essentials of statistics for the behavioral sciences* (9th ed.). Cengage.

**Statistics textbook:** Gravetter, F. J. & Forzano, L. B. (2018). *Research methods for the behavioral sciences* (6th ed.). Belmont, CA: Cengage.

**SPSS software:** Version 26 <https://www.siue.edu/its/labsclassrooms/vlab/spss.shtml>

**Calculator:** Simple calculator, such as TI-30Xa, phones are allowed but only for the calculator, no googling!

### Course Structure

PSYC220 will have the following structure:

- “Class” will be held every Mon and Wed from 10-10:50am in person in AH0302

- “Lab” is on Fridays in person
  - Section 003 will be 10-10:50am in Engineering Building 1145
  - Section 004 will be 11-11:50pm in AH1314
- Attendance at each class and lab is expected; frequent absence will harm your grade
- All assignments for class and lab will be submitted online and due Saturdays at midnight

For typical face-to-face classes, university policy expects that you will spend TWO HOURS outside class for every ONE HOUR inside class. PSYC220 is a 3-credit class, so that means I expect you to work NINE HOURS per week on this class. I will provide a weekly to do list with approximate time commitments for each task, but keep in mind these are estimated averages. If you do not have this time now, you should consider taking this course another semester.

### How to Do Well and Stress Less in This Course

- **Understand course expectations** – read syllabus, ask questions, read weekly to do lists
- **Complete weekly material** –read textbook, listen to lectures, take notes, study
- **Attend and get help** – attend class and lab, communicate with lab team, professor, TAs
- **Submit assignments** – assignments are due on Blackboard Saturdays at midnight

### Course Requirements and Grading

<u>Assessment</u>	<u>Point Total</u>	<u>Percent of Grade</u>	<u>Grade Breakdown</u>
Exams	140 pts	28%	90% – 100% = A
Quizzes	60 pts	12%	80% – 89% = B
Survey project	230 pts	46%	70% – 79% = C
Lab Attendance	70 pts	14%	60% – 69% = D
<b>Total points</b>	<b>500 pts</b>	<b>100%</b>	below 60% = F

- **Exams [140 points]**. Exam 1 is worth 60 points and Exam 2 is worth 80 points.
  - **Justification for assessment.** In order for you to earn a psychology degree, you need to understand basic research design and statistics. Exams encourage you to study the course material and store it in long-term memory so you can retrieve it later to learn in PSYC221 and your advanced psychology classes. Exam 2 is cumulative.
  - **Exam format.** Exams are completed on Blackboard and open book/open notes, but *not* open-Google. Exams will cover material from the textbook, lectures, and class discussions. Exams will include factual and conceptual questions, problems, and questions that require you to think about the concepts and apply them to a new topic.
  - **Exam timing.** Exams will be available for a given time window. You will have 60 minutes for Exam 1 and 100 minutes for Exam 2; you must complete them in one sitting. Given the time limit and applied questions, you should study for exams.
- **Quizzes [60 points]**. You will have 6 online quizzes worth 10 points each.

- **Justification for assessment.** A basic learning principle in cognitive psychology is the *testing effect* – that material is learned better if it is retrieved from memory through frequent testing. Quizzes require you to retrieve information from memory, which helps you understand your knowledge. Quizzes also prepare you for exams.
- **Quiz timing and format.** Quizzes are completed on Blackboard and are open-book, but *not* open-Google. Quizzes are untimed, but must be completed in one session.
- **Survey project [230 points].** You will complete a survey project that requires you to create a hypothesis, read research papers, design a survey, collect and analyze data, and understand your results. This project will culminate in a full APA-style report that is worth 100 points.
  - **Justification for assessment.** The survey project assesses your ability to apply the knowledge gained in class to your own project. Running your own survey project is “hands-on” – it allows you to learn by *doing* rather than just listening and reading.
- **Lab attendance [70 points].** You will earn 5 points for attending AND participating in each lab. There are 15 planned labs; you are allowed to miss one lab without penalty.
  - **Justification for assessment.** Labs are designed for interactive work with your classmates, TAs, and professor. Everyone must work together on the group project.

## Course Calendar

Date	Topic	Reading	Assignment due Sat at 11:59pm	Points
Week 1	Science & research	M-Ch1		
8/25 Lab 1	Intro to survey project		Lab 1 assignment	10
Week 2	Hypothesize & operationalize	M-Ch2&3		
9/1 Lab 2	Understanding research articles		Quiz 1	10
Week 3	<b>NO CLASS MONDAY 9/4</b> Methods in psychology	M-Ch6		
9/8 Lab 3	Finding research articles		Lab 3 assignment	10
Week 4	Observational designs	M-Ch13		
9/15 Lab 4	Writing Introductions	313-22; 334-39	Quiz 2	10
Week 5	Survey designs	M-Ch13		
9/22 Lab 5	Developing surveys	323-333	Sources worksheet	25
Week 6	Surveys and sampling	M-Ch5		
9/29 Lab 6	Surveys and writing Methods		Quiz 3	10
Week 7	Ethics and plagiarism	M-Ch4		
10/6 Lab 7	Introduction to SPSS		Intro & Method	25
Week 8	Review and Exam 1	--		
10/13 Lab 8	Analyzing data		Exam 1	60
Week 9	Frequency & central tendency	S-Ch1-3		
10/20 Lab 9	Analyzing data		Quiz 4	10
Week 10	Variability	S-Ch4		
10/27 Lab 10	Writing Results		Data worksheet	25
Week 11	Correlation	S-Ch14		
11/3 Lab 11	Writing Discussions		Quiz 5	10
Week 12	Catch-up and review	--		
11/10 Lab 12	Figures in SPSS		Results & Discussion	25
Week 13	Z-scores & probability	S-Ch5&6		
11/17 Lab 13	Abstracts and revisions		Quiz 6	10
11/20-11/24	<b>Thanksgiving – NO CLASS</b>	--	--	--
11/24 Lab	<b>Thanksgiving – NO LAB</b>	--	--	--
Week 14	Z-scores & probability	--		
12/1 Lab 14	Final paper workshop		Lab 14 assignment	10
Week 15	Revise paper & study	--		
12/8 Lab 15	Exam 2 review		Final Paper	100
Week 16	Finals week – <b>NO CLASS</b>	--	Exam 2	80

## **Course Policies and Expectations (students are responsible for knowing these)**

- **Late policy.** Any assignment, quiz, or exam can be completed up to 48 hours late with a 20% late penalty. No need to request an extension – just complete your work within that period.
  - **NOTE.** If you are having personal struggles that prevent you from completing your work regularly, please come to office hours or schedule a time for us to talk.
- **Illness policy.** If you have any illness symptoms that cannot be explained by a chronic condition you have, PLEASE stay home.
- **Attendance policy.** Missing class regularly typically results in failing the class. Because lab has groupwork, five points are awarded for each lab attendance AND participation. If you miss class, you should make up the work and be sure to attend the next class period.
  - **NOTE.** If you miss class regularly, I will begin to wonder if you have the time and motivation to complete PSYC220 right now and begin to pester you (this is no fun for either of us). This is a serious class that requires you to work hard and get help.
- **Open door.** My office is AH0133. If my door is open, you're welcome to drop in for help. If my door is closed, please do not disturb me unless we have a set appointment.
- **MY SIUE email.** I do my best to respond to email within a day or two. I am much better reached in person. Stop by my office, see me before or after class, or email your TAs.
- **YOUR SIUE email - weekly.** I will email you announcements and reminders after class. It is very important that you read these emails, but fine to catch up on them every few days.
- **Blackboard.** We will use Blackboard for course materials and submitting assignments.
- **Submitting your work using Turn It In.** Your papers and assignments will be submitted electronically through Turn It In, a plagiarism detection service to which the University subscribes. You should save your TurnItIn receipt as proof that you submitted your work on time. If you have issues with TurnItIn, you can also email me your paper for a timestamp.
- **Grades.** Student grades will be posted regularly on Blackboard. If you believe there is a discrepancy in the grade posted and the grade you received on an assignment, it is your responsibility to provide me with the graded assignment to justify any grade changes.
- **Extra credit.** Extra credit will be offered to the entire class, and not to individual students.
- **Academic honesty.** If you are involved in any case of academic dishonesty, you will earn an F on the assignment and will be reported to the Provost's office. A repeat offense will result in failing the class and additional reporting. Academic dishonesty cases may involve:
  - **Plagiarism.** Do not plagiarize. See department policy below.
  - **Cheating.** You are encouraged to study for exams with classmates and brainstorm research ideas or discuss course content. You will also work together on your survey projects in lab. It is acceptable to ask questions of your labmates and check answers in SPSS, but you should do all of your own work. You SHOULD NOT work together on your papers outside of class time.
- **Role of the Teaching Assistant (TA)**

- The primary role of the TA is to assist the instructor. Part of this role does include providing instruction and clarification of classroom content to students from time to time. That said, the teaching assistant should not be your first recourse should you not understand class material. The provided materials (classroom lectures and the textbooks) as well as your fellow students should be your first resource. Should you require assistance, the TA may ask what you have done to help yourself. You should be prepared to answer this question, or better yet, put it in your email when you request help.
- The TA is not an on-demand service. If you require the assistance of the TA, the expectation is that you provide your full availability-not simply times that are convenient for you. The TA is not expected to work outside of normal business hours to meet your needs.

### **Required Technology**

We will use Blackboard and SPSS in this course. It is your responsibility to address any computer or internet problems that might occur. Such problems are not an excuse for delays in meeting expectations or for missing course deadlines. Support for using Blackboard and SPSS is available by calling 618-650-5500, or by visiting <http://www.siu.edu/its/bb/> At a minimum, you will need the following software/hardware to participate in this course:

- computer with an updated operating system (e.g. Windows, Mac, Linux)
- updated Internet browser (Apple Safari, Internet Explorer, Google Chrome, Mozilla Firefox)
- DSL or Cable Internet connection or a connection speed no less than 6 Mbps. A secure, encrypted Wifi (requiring a login and password) is acceptable. Note that some Blackboard components will not work properly on free wifi from places like Starbucks or McDonalds.
- Microsoft Office, including Word (SIUE students get Free Office 365)
- Other useful software is available at <http://www.siu.edu/its/software/index.shtml>
- SPSS on your home computer or you can use computers on campus

### **Student Services**

<ul style="list-style-type: none"> <li>• <a href="#">Lovejoy Library Resources</a></li> <li>• <a href="#">Academic Success Sessions</a></li> <li>• <a href="#">Tutoring Resource Center</a></li> <li>• <a href="#">The Writing Center</a></li> <li>• <a href="#">Academic Advising</a></li> </ul>	<ul style="list-style-type: none"> <li>• <a href="#">Financial Aid</a></li> <li>• <a href="#">Campus Events</a></li> <li>• <a href="#">Counseling Services</a></li> <li>• <a href="#">Cougar Cupboard (food pantry)</a></li> <li>• <a href="#">ITS (tech and Blackboard help)</a></li> </ul>
---	--

### **University and Psychology Department Policies**

- **Psychology Department policy on plagiarism.** Plagiarism includes presenting someone else's words without quotation marks (even if you cite the source), presenting someone else's ideas without citing that source, or presenting one's own previous work as though it were new. When paraphrasing from another source or your own work, at the very least, the student should change the wording, sentence syntax, and order of ideas presented in the paper. Additionally, you should not submit a paper, or parts of a paper, written to

fulfill the requirements of one class for the requirements in another class without prior approval of the current instructor and appropriate citation. Ideally, the student will integrate ideas from multiple sources while providing critical commentary on the topic in a way that clearly identifies whether words and ideas are those of the student or are from another source. Plagiarism is one type of academic misconduct described in SIUE's Student Academic Code (<http://www.siu.edu/policies/3c2.shtml>). University policy states that “Normally a student who plagiarizes shall receive a grade of F in the course in which the act occurs. The offense shall also be reported to the Provost.” (<http://www.siu.edu/policies/1i6.shtml>). The University policy discusses additional academic sanctions including suspension and expulsion from the University. To insure that you understand how to avoid plagiarism, we encourage you to review the information on plagiarism provided on the Department of Psychology web page at <http://www.siu.edu/education/psychology/plagiarism.shtml>.

- We will cover how to properly read and cite sources in class. You are responsible for understanding what plagiarism is; if you have any questions at all, you should discuss them with Dr. Hawkins BEFORE you turn in a plagiarized paper. A lack of knowledge of appropriate citation and referencing format will not excuse you from point deductions from written assignments or disciplinary action in the case of plagiarism.
- **Psychology Department policy on Incomplete Grades, Pass-No Credit Option, and Withdrawal.** It is the student’s responsibility to officially withdraw from a course through the Enrollment Office by the dates set by the university if the student is not intending to complete the course. Students who do not withdraw and have not completed the course will receive an Unauthorized Withdrawal (UW). Only under special circumstances may a faculty member agree to give the student an Incomplete (INC) grade in order to allow the student to complete the remaining work for the course no later than the end of the following semester. An INC is never automatic but must be approved by the instructor. If an instructor agrees to give a student an INC grade, the instructor and student will fill out a form (Memorandum of Incomplete Grade) indicating why an INC is being given. One copy of the completed form will be given to the student, one copy will be given to the instructor, and one copy will be kept by the Department of Psychology secretary. If the work is not completed by the specified time, the grade will be changed from INC to F.
- **Psychology Department writing policy.** As a student in this course, you will be expected to display university-level writing, which includes completing course assignments that meet the following basic writing criteria. Specifically, all written assignments completed for this course should include:
  - clear transitions from sentence to sentence and idea to idea (e.g., paper is organized/flows well);
  - verb tense consistency;
  - clear and unambiguous sentences and ideas;
  - writing that is free of typos, spelling errors, and major grammatical errors;
  - properly formatted citations and references (if relevant).

This is by no means an exhaustive list of basic writing skills, but will give you an idea of what we are looking for in our papers. If you feel you need help with your writing, you are encouraged to seek assistance from the writing center on campus

(<http://www.siu.edu/is/writing>) or utilize one of the many online resources they have identified to help students (<http://www.siu.edu/is/writing/resources.shtml>).

If your graded written assignments fail to meet the basic writing requirements listed above (and any others found to be appropriate by your instructor), the instructor will stop the grading process and return the paper to you with the grade of 0. You will have 48 hours to return the assignment in an acceptable form; if it still fails to meet the basic writing criteria, the grade of 0 will remain.

- **SIUE Statement on disabilities.** Students needing accommodations because of medical diagnosis or major life impairment will need to register with Accessible Campus Community & Equitable Student Support (ACCESS) and complete an intake process before accommodations will be given. The ACCESS office is located in the Student Success Center, Room 1270. You can also reach the office by e-mail at [myaccess@siue.edu](mailto:myaccess@siue.edu) or by calling 618.650.3726. For more information on policies, procedures, or necessary forms, please visit the ACCESS website at [www.siu.edu/access](http://www.siu.edu/access).
- **SIUE statement on diversity.** All societies and peoples have contributed to the rich mix of contemporary humanity. In order to achieve domestic and international peace, social justice, and the development of full human potential, we must build on this diversity. SIUE nurtures an open, harmonious, and hospitable climate that facilitates learning and work. Each member of the University is responsible for contributing to such a campus environment.
- **SIUE nondiscrimination policy.** Southern Illinois University Edwardsville (SIUE) is a public comprehensive University committed to creating and maintaining a diverse community in which students, faculty, and staff can learn and work together in an environment free of discrimination and free from any form of illegal harassment. Such actions violate the dignity of the individual and the integrity of the University as an institution of learning. SIUE prohibits discrimination against employees, applicants for employment and students on the basis of age, color, disability, marital status, national origin, race, religion, sex, sexual orientation, or veteran's status. Discrimination in any form will not be tolerated; management and supervisory personnel, at all levels, are responsible for taking reasonable and necessary action to prevent discrimination.

## **COVID-19 Pandemic Policies Related to Classroom Instruction (Fall 2022)**

### **Health and Safety**

The measures outlined below are required and any student who does not comply may be in violation of the *COVID-19 People-Focused Health and Safety Policy*, as well as the University's *Student Code of Conduct*.

The full text of the *COVID-19 People-Focused Health and Safety Policy* can be found here: <https://www.siu.edu/policies/Covid.shtml>

### **Classrooms, Labs, Studios, and Other Academic Spaces**

Under current University policy, SIUE will only require masking in campus healthcare settings. See, <https://www.siu.edu/about/announcements/coronavirus/safety-guidelines-support/index.shtml>.

Individual faculty of record may determine that masking will be required in their classrooms and are asked to communicate accordingly with students. Face masks may be required in other campus sites following guidance from governing regulatory agencies.

- Students who forget to wear a face covering when masking is required will be reminded of their obligation to comply with SIUE's *COVID-19 People-Focused Health and Safety Policy* and temporarily asked to leave the class until they are able to conform to the policy. Students who forget or lose their face coverings when masking is required may be able to obtain replacements from a friend, a faculty member, or a nearby departmental office. Face coverings are also available for purchase in the Cougar Store (MUC).
- Students who refuse to wear a face covering when masking is required will be asked to leave the classroom and referred to the Dean of Students for non-compliance with community health and safety protocols. Repeated non-compliance may result in disciplinary actions, including the student being administratively dropped from an on-ground/face-to-face course or courses without refund if no alternative course format is available.
- If a student has a documented health condition which makes wearing a face covering medically intolerable, that student should contact ACCESS to explore options with the understanding that ACCESS will not grant accommodations which excuse the need for a face covering while on campus or in the classroom. ACCESS will work with qualifying individuals to find reasonable alternatives, whenever such solutions are available. Please call or contact the ACCESS Office via email to schedule an online appointment to discuss potential alternatives. ACCESS office (Student Success Center, Room 1203, 618-650-3726, and [myaccess@siue.edu](mailto:myaccess@siue.edu)).

### **General Health Measures**

Students and employees are expected to review the [siue.edu/coronavirus](https://www.siue.edu/coronavirus) website (<https://www.siue.edu/about/announcements/coronavirus/>) to better understand prevention strategies and safety expectations.

- Students and employees are expected to maintain healthy hygiene practices.
- Students and employees are expected to follow COVID-related guidelines and directions.
- Students and employees are expected to conduct a daily health self-assessment and isolate themselves if COVID-related symptoms are present. COVID-related symptoms include:
  - o Fever (100.4 degrees or above) or chills
  - o Cough
  - o Shortness of breath or difficulty breathing
  - o Fatigue
  - o Muscle or body aches
  - o Headache
  - o New loss of taste or smell
  - o Sore throat
  - o Congestion or runny nose

- o Nausea or vomiting
- o Diarrhea

### **Academic Integrity**

Students are reminded that the expectations and academic standards outlined in the Student Academic Code (3C2) apply to all courses, field experiences and educational experiences at the University, regardless of modality or location. The full text of the policy can be found here: <https://www.siue.edu/policies/3c2.shtml>.

### **Recordings of Class Content**

Faculty recordings of lectures and/or other course materials are meant to facilitate student learning and to help facilitate a student catching up who has missed class due to illness or quarantine. As such, students are reminded that the recording, as well as replicating or sharing of any course content and/or course materials without the express permission of the instructor of record, is not permitted, and may be considered a violation of the University's Student Conduct Code (3C1), linked here: <https://www.siue.edu/policies/3c1.shtml>.

### **Potential for Changes in Course Schedule or Modality**

As the COVID-19 pandemic continues, there remains a possibility that planned classroom activities will need to be adjusted. Depending on circumstances and following state-issued recommendations, potential changes include alterations to distancing requirements, course modality (e.g., transition from face-to-face to online, hybrid, or hy-flex, mask wearing, in-course activities, etc). These changes would be implemented to ensure the successful completion of the course while preserving health and safety. In these cases, students may be provided with an addendum to the class syllabus that will supersede the original version. If the course schedule or modifications significantly alter expectations, a new syllabus will be issued.
