A Message from the Director

Greetings!

Welcome to summer 2020 and SIUE's community and professional development catalog offered by the Office of Educational Outreach! Make this a summer worthy of those get-stuck-in-your-head summer songs

that make us all long for warm, sunny days by taking a trip or participating in one of our offerings. We are excited to announce our latest courses, partnerships, camps, trips as well as our new SIUE Online Degree Completion program.

One of the best things about summer is seeing all of the youth participating in our various summer camps! As children, tweens and teens travel around campus in their matching t-shirts, they bring their youthful exuberance and their contagious sense of curiosity to our campus community. If you have never considered SIUE summer camps for your children, please note our featured camps on page 2, as well as the opportunity to utilize an early drop-off and late pickup feature in partnership with the School of Education, Health and Human Behavior. See siue.edu/summer for all of the details and registration links.

Want to see something new? We are offering new trips (page 3), including a Busch Stadium behind-the-scenes tour and a guided Hill tour of one of St. Louis' favorite Italian neighborhoods. Back by popular demand, we are offering a Southern Illinois breweries, wineries and distilleries guided tour.

New classes will include additional and diverse yoga courses, in partnership with Studio Gaia, and an introduction to Quickbooks course with an option to earn a digital badge. New and returning classes are offered in collaboration with the Macoupin Art Collective as well as in partnership with Sunset Hills Country Club. We will also continue offering the award-winning breadmaking courses in collaboration with Artisan 222 Bakery. Congratulations to Leslie Brock, assistant director for non-credit programs for her award winning submission and accomplishment of capturing the Learning Resources Network (LERN) International Award for Course of the Year for 2019.

Finally, I am very excited to announce the opportunity for community members to become SIUE students as part of our new online degree completion options beginning fall 2020. If SIUE is to achieve its mission to shape a changing world, it's important to serve students who are not able to come to campus to participate in our campus degree programs. While these programs are designed for those who have the equivalent of an associate degree, we can also serve students who have some college, but no degree. If this is the time for you, please reach out and give us the opportunity to talk with you about the possibilities!

Best wishes for the productive, enjoyable summer where you can stretch right up and touch the sky!

Mary Ettl
Interim Director

The Hill: One of the Last Italian Neighborhoods:

Come join us for a fabulous day at the Italian neighborhood in St. Louis we call “The Hill.” One of the last existing Italian neighborhoods in the country, the Hill will be the subject of a PBS documentary this summer and a coffee table book in the fall. You will be feted with a ravioli-making demonstration; bocce ball lesson at a private indoor club; tours of an artisan salami factory, Yogi Berra’s childhood home and beautiful St. Ambrose Church; specialty store shopping; and many fascinating stories by our host, Joe DeGregorio. A Hill native, DeGregorio was recently awarded the coveted Italian Heritage Award. Lunch will be at one of the popular ristorante’s, Favazza’s, and handouts will be provided. Since 2020 is the 100-year anniversary of Prohibition, Joe will give us some real insights on what went on in the neighborhood.

Wednesday, June 24, 9:30 a.m.-2:30 p.m.

Cost: \$20 (without transportation);

\$30 (transportation provided)

Southern Illinois Breweries, Wineries and Distilleries: Guided Tour:

Settle back as we drive through the beautiful vistas of Southern Illinois’ Monroe County to tour breweries and distilleries in this rural Metro East community. The adventure begins with departure at 10 a.m. from SIUE. Participants will visit a winery and multiple distilleries and breweries for behind-the-scenes tours, tastings and a little history from SIUE’s resident beer, wine and spirits expert, Bob Dixon, PhD, professor of chemistry. Travelers will return to SIUE at 4:30 p.m. Registration fees cover all transportation, tours, and a \$5 voucher to be used at any stop. Additional drinks and food are available for purchase at each location.

Saturday, July 11

Cost: \$65

Time: 10 a.m.-4:30 p.m.

Meet Me in St. Louis: Join us as we explore Busch Stadium, including time spent in the dugout, Redbird Club, Broadcast Booth, Cardinal’s Club and much more! After we finish at Busch Stadium, we will explore the Old St. Louis Courthouse and the Western Expansion Museum. You will be able to stay longer and explore the Arch grounds if you wish! Lunch will be on your own in the area.

Tuesday, Aug. 11, 9 a.m.-3 p.m.

Cost: \$20 (without transportation);

\$30 (transportation provided)

For more information and to register for any of the above exciting opportunities, please visit siue.edu/lifelong-learning.

Languages

Beginning Spanish: Do you want to learn the Spanish language? Beginning Spanish is the perfect place to start, as you will be introduced to the language, even if you have little to no knowledge of it!

Course Fee: \$99*

Mondays, 5-6:30 p.m., June 1-29

SIUE Main Campus

"I enjoyed every session of this class. It didn't last long enough!" – Donna B.

"The instructor was excellent. She was enthusiastic about teaching us beginning Spanish, provided us excellent handouts and shared websites with us. We interacted with the websites' questions and provided our answers, which we would compare with the correct answers and this was very helpful." – Ken W.

Basic Japanese Conversation and Culture:

This course is designed for students with little or no previous experience with the Japanese language. You will learn basic introductions, greetings and language used to describe common items and experiences, including language useful for tourists visiting Japan. The course will provide practice in basic Japanese conversation and pronunciation and cover some aspects of Japanese culture. No textbook is needed. The instructor will provide handouts.

Course Fee: \$99*

Thursdays, 7-8:30 p.m., June 4-July 2

SIUE Main Campus

"This course helped me understand more about Japanese language and culture in a very comfortable setting. My daughter and I took this course in preparation for a summer trip to Japan next year, and we both enjoyed it very much." – Catherine W.

"The instructor was personable and a pleasure to learn from. Always entertaining questions and offering insight as to the reasoning behind some of the language and some cultural and historical information as well." – Russ B.

Introduction to American Sign Language and

Deaf Culture: This is an overview of American Sign Language (ASL) and its basic vocabulary, structure, syntax and grammar. Participants will focus on mastering the basics of fingerspelling, numbers, colors, facial grammar and sentence structure. You will also learn conversational and cultural behaviors necessary to hold a beginning-level conversation in ASL with deaf or hearing-impaired users of the language. Introductory information about deaf culture will also be presented, along with deaf humor, to provide you with a broad picture of language and culture.

Course Fee: \$109

Thursdays, 7-9 p.m., June 4-July 23

SIUE Main Campus

"This course was very informative because it has helped me understand the deaf community and has helped me understand my grandson (3yrs old) who is deaf. It has allowed me to better understand him and helped me communicate better with him. The instructor was awesome, and the material was presented in a fun way to learn. We were given many additional resources to use." – Karla C.

"I enjoyed the combination of learning ASL and history. I really liked the variety of videos and active practice. The instructor was very well educated on the subject and interesting." – Tammy L.

Health and Wellness

Every Other Friday Restorative Yoga: You will learn the art of deep relaxation through breath work, restorative yoga poses, and props to ensure optimal comfort. It is accessible to all levels of experience and abilities, offering many benefits such as the reduction in blood pressure and risk of stroke and heart attack.

*Course Fee: \$50 for all 5 sessions;
Drops-in welcome at \$15 per session
Fridays, June 12, 26, July 10, 24 and Aug. 14,
11:40 a.m.-12:40 p.m.
Studio Gaia, Edwardsville*

Tuesday Yoga for Stress Reduction: You will learn easy and accessible yoga poses that focus on reducing stress in the body and mind. With simple instruction and guided breathwork, the class is accessible to all levels of experience and abilities.

*Course Fee: \$100 for all 10 sessions;
Drops-in welcome at \$15 per session
Tuesdays, June 2-Aug. 4, 11:30 a.m.-12:30 p.m.
Studio Gaia, Edwardsville*

Yoga for Beginners: This class provides the fundamentals of practice for those getting started in yoga, as well as those with more experience who enjoy gentler movements. You will learn posture alignment, practice breath work through guided demonstration and reap the benefits of yoga, including improved balance, physical strength, flexibility, relaxation, increased energy and better digestion.

Course Fee: \$105 for all 10 sessions;
Drop-ins welcome at \$10 per session
Wednesdays, June 3-Aug. 5, 5-6 p.m.
SIUE Main Campus*

"This is one of the best yoga classes I have taken! The instructor goes slowly and works with each student to make sure they get the most out of the class. I would highly recommend this class for a beginner!" – Cindy C.

"I would recommend this class to anyone interested in yoga. The instructor is very knowledgeable and helpful." – Kathy B.

Thursday Yoga and Breathwork: You will focus on breath work and gentle, mindful movements which are fundamental to the human body. This course is accessible to all levels of experience and abilities.

*Course Fee: \$100 for all 10 sessions;
Drops-in welcome at \$15 per session
Thursdays, June 4-Aug. 6, 11:30 a.m.-12:30 p.m.
Studio Gaia, Edwardsville*

*Parking is included. Participants who will not utilize SIUE parking will pay a reduced rate at checkout.

Creative Arts

Shibori Dyeing: Learn the ancient Japanese art of Shibori, also known as indigo tie-dye. Students will learn how to prepare a vat of indigo and techniques for tying and dipping fabric. Each participant will get to create three dyeing technique samples of loose fabric. Supplies are included. Students are encouraged to bring a piece of old or stained clothing to dye during class. The clothing should be 100% cotton.

Course Fee: \$25

Saturday, 3-5 p.m., July 25

Macoupin Art Collective, Staunton, Ill.

Party and Make Art: Ceramic Cactus or Succulent Jar:

Miss Ruthie will teach students about clay and its properties, hand-building and sculpting basics, and how to use a variety of clay tools to create an adorable, functional lidded ceramic pot. These pots are inspired by trendy home decor pieces from pricey retailers. Each student will create one lidded pot with a hand-sculpted cactus or succulent of their choosing. Students will glaze their pieces that night, and pieces will be fired once. Students are encouraged to bring snacks and drinks to the class and relax while making art.

Course Fee: \$30

Friday, 5:30-8:30 p.m., July 10

Macoupin Art Collective, Staunton, Ill.

DIY Screenprinting: In this one-shot class, students will learn how to make their very own screens for printing. In this 3-hour intensive workshop, you will learn how to make your own silk screening set-up that can run right off your kitchen table made from everyday common materials. You will learn how to stretch a screen, transfer an image and make a print from start to finish. We supply a tote bag, or you may bring your own t-shirt. Let us guide you through this notoriously tricky medium so that you can print at home with confidence.

Course Fee: \$30

Saturday, 2-5 p.m., June 13

Macoupin Art Collective, Staunton, Ill.

Let's Make Goat Milk Soap!: While designing and making your own soap in class, you'll be learning the basics of making goat milk soap using the heat transfer/cold-process method, as well as how to safely handle lye; use natural colorants and micas; and use essential oils and plant fragrances to scent soap. By the end of class, you'll feel confident in following a recipe to make your own soap at home, receive resources for recipes to continue making soap, have four 4.25-ounce bars of goat milk soap to take home, and receive a cake of soap to use while yours is curing. NOTE: You'll need to cure your soap at least three weeks after class before using it. Each student needs to bring a long-sleeved shirt to wear over clothes, wear close-toed shoes, and bring a hair clip or band to pull back long hair.

Course Fee: \$40

Saturday, 11 a.m.-2 p.m., June 13

Macoupin Art Collective, Staunton, Ill.

Beginning Drawing: Do you think drawing is a gift that must come naturally? Drawing is a skill that can be developed with practice. You will learn how to draw with proper techniques, discovering how to represent what you see through studies in contour drawing, perspective, positive/negative space and value. With feedback from an expert instructor, you will improve your drawing and develop a deeper understanding of any subject you are trying to capture as an artist or designer.

*Cost: \$89**

Thursdays, 5-6:30 p.m., June 4-July 9

SIUE Main Campus,

Art and Design West, Room 2111

"Course content was clear and well presented. Exactly what I was looking to learn." - Renee T.

"I enjoyed the fact you could work at your own speed and the expert advice when I was having problems. The instructor was always there to help and keep me on track." - Pam S.

Intermediate Drawing: For those with some drawing experience, you will refine and expand your drawing and observation skills.

*Cost: \$89**

Thursdays, 6:30-8 p.m., June 4-July 9

SIUE Main Campus,

Art and Design West, Room 2111

"This course gave me additional skills while not being too overwhelming for someone that doesn't draw all the time." – Adriana M.

"Great course, regardless of your skill level. I took it just after the beginning class, and learned so much. Those who were more experienced improved as well because of the personalized instruction." – Linda R.

Introduction to Hand Embroidery: You will use a hoop and embroidery floss to learn classic stitches that will be incorporated into creating a unique sachet filled with lavender flowers. All materials and instruction are included in this 6-week class.

Course Fee: \$120
Tuesdays, 6-8 p.m., June 2-July 7
Macoupin Art Collective, Staunton, Ill.

Introduction to Metalsmithing and Jewelry Making: Learn how to create your own custom jewelry pieces using traditional metalsmithing techniques. Students will explore sawing, filing, torch soldering, hammering and texture in a state-of-the-art dedicated metalsmithing studio. This 5-week course will allow you to produce band rings, earrings, pendants or keychains. All tools and supplies will be included. Metals will include copper and brass. Silver is an option at an additional cost.

Course Fee: \$179*
Three Sessions Available:
Mondays, June 1-29, 12-3 p.m.
Mondays, June 1-29, 5-8 p.m.
Saturday and Sunday, July 18-19, 9 a.m.-5 p.m.
SIUE Main Campus
Art and Design West, Room 1209

Culinary Arts

2019 LERN COURSE OF THE YEAR WINNER

Artisan Breads I: Learn the basics of bread making, including the terminology, ingredient functionality, dough handling, fermentation steps, mixing and dough development, as well as the fermentation in the baking process. You will be able to take all recipes and finished products (20-30 loaves of bread) home. All ingredients will be provided for the baking process. Please bring an apron, notebook and pen!

Course Fee: \$129
Monday, Tuesday, Wednesday, 5-8 p.m., June 22-24
Artisan 222 Bakery, Edwardsville

2019 LERN COURSE OF THE YEAR WINNER

Artisan Breads II: This course will build on the knowledge learned in Artisan Breads I. The focus will be on sourdough breads and the functions of bread making. Artisan Breads I is required before participating in Artisan Breads II. You will be able to take all recipes and finished products (20-30 loaves of bread) home. All ingredients will be provided for the baking process. Please bring an apron, notebook and pen!

Course Fee: \$129
Two Sessions Available:
Monday, Tuesday, Wednesday, 5-8 p.m., July 13-15
Monday, Tuesday, Wednesday, 5-8 p.m., July 27-29
Artisan 222 Bakery, Edwardsville

"This is a great course! It gives you the basics about bread making and shaping so that you can go home, experiment, and try different recipes with a bit more confidence. You get great tips that will help out in all your baking!" – Didi M.

"Trevor was awesome and made the course fun. The hands-on activities will make you feel very proficient by the time class is over. I really enjoyed the experience!" – Carla E.

Music

Beginning Guitar: Have you never played guitar before, but have always wanted to learn? Then we have the course for you! This class is designed to help you develop the basic skills and techniques needed to play the guitar. No previous playing experience is needed. A guidebook will be provided, but you will need to bring your own guitar.

*Course Fee: \$99**

Mondays, 4-6 p.m., June 1-July 27

(No class on June 15)

SIUE Main Campus, Dunham Hall Room 1114

Intermediate Guitar: Pick up where the beginner's course left off and expand on your basic techniques. Learn skills beyond the basic and techniques of playing guitar that will further enrich your basic guitar playing. Basic guitar playing experience needed.

*Course Fee: \$99**

Mondays, 6-8 p.m., June 1-July 27

(No class on June 15)

SIUE Main Campus, Dunham Hall Room 1114

Historical Studies

Genealogy Through a Cultural Lens: Our cultural background suggests what we eat, how we celebrate holidays, and when we go to bed and rise in the mornings. Our parents' cultures tell us what a family is. In this course, we will note questions for interviewing an elderly or helpful relative and hear about Irish land records. We will access ancestry.com library edition to follow both your family and an African American in the U.S. Census. We will visit a local county historical society to see what a typical U.S. county might have on your American ancestor. We will walk among the records of St. Louis immigrants and peruse books from slave narratives, Irish cemeteries and German churches. After the first Tuesday afternoon at SIUE, you will drive yourself to three area libraries (Edwardsville Public, Madison County Archives and St. Louis County) to take tours of their books and documents.

*Course Fee: \$69**

Tuesdays, May 26-June 23, 7-8:20 p.m.

SIUE Main Campus, Science West, Room 1065

as well as various libraries located off-campus

Genealogy Research: Tracing family history is a fascinating journey. Learn about the genealogy research process and the way to interpret information through hands-on examples that help you dig deeper into your family's past. Develop a strategy to accomplish your objectives, evaluate the results and share information with others. Make your family history come alive!

*Course Fee: \$69**

Mondays, 6-8 p.m., June 22-July 27

SIUE Main Campus, Science West, Room 1065

"Suzanne is a knowledgeable teacher who is willing to help her students at any time to better understand the subject of genealogy and taught us how to be better researchers." – Pamela M.

Personal Finance and Planning

Suddenly September or When Did I Get to be This Age?: This is a special course for the sisterhood. In our youth-crazed culture, accumulating birthdays can bring anxiety – especially for women. In this four-week course, we will learn practices, ideas and insights from great thinkers and each other. The "September" of our lives can be rich and rewarding. Through the lens of leaning and trusted conversation, we will address regret, meaning, accomplishment, adjustment, relationships, forgiveness, faith, health and legacy. Because of our time together, we will rethink aging so we can do it better, braver, stronger, wiser and joyfully.

*Course Fee: \$59**

Tuesdays, 5:30-7:30 p.m., June 2-23

SIUE Main Campus

The Conversation: A Revolutionary Approach to End-of-Life Care: We know we are mortal, but most of us only consider our mortality in theory. Few make plans beyond a will. In our death-avoidant American culture, we rarely consider the value of discussing and documenting our wishes if crisis has robbed us or a family member of communication. An advanced directive written before a crisis removes the question. Taught by an end-of-life doula, we will spend our time together discussing the who, what, where, when and why of this sensitive and highly personal document. Emotions run high when death is near. Having a carefully considered plan that has been shared openly with the appropriate people long before the crisis prevents agonizing over the gut-wrenching question: What would I/he/she want done?

*Course Fee: \$59**
Wednesdays, 5:30-7:30 p.m., June 3-17
SIUE Main Campus

Social Security Matters: You have worked and paid into Social Security from the time you got your first job to the end of your working days. Join us to get answers and take the confusion out of retirement, survivors, disability and Medicare benefits.

*Course Fee: \$59**
Tuesdays, 5-7 p.m., June 9-30
SIUE Main Campus

Personal Enrichment

Apps: Living Well from Work to Home: Learn about specific phone applications to help you find balance, get organized and streamline activities to live well at work or at home. Whether you are attending personally or professionally, we dive into graphic design apps, photo/video apps, wellness apps and professional branding apps. Our lunch session will focus more on professional and branding apps and our evening session will focus more on personal apps. Bring your phone and an open mind to learn (or enhance) your knowledge of the technology that is available right at your fingertips.

Course Fee: Free
(Space is limited so please register early)
Wednesday, 11:30 a.m.-12:30 p.m., July 1
(Professional Focus)
Wednesday, 5:30-6:30 p.m., July 8 (Personal Focus)
Tri-Township Library, Troy Ill.

Make-Up 101: Basics, Tips, Tricks & Tools: Freelance makeup artists Ruthie and Mallory Kahl will teach you the basic steps to achieve a modern natural makeup application. Can never quite get your eyeliner right? Want to enhance or minimize some features? Have brushes, sponges and products that you really aren't sure how to use? You'll be able to watch a live makeup tutorial with "The Kahldashians" and have them show step-by-step application and a Q&A session to answer your questions.

Course Fee: \$15
Saturday, 4-6 p.m., May 23
Macoupin Art Collective, Staunton, Ill.

Make-Up 201: Full Glam: Freelance makeup artists Ruthie and Mallory Kahl will teach you how to take your makeup application to the next level and achieve a full glam look for a special occasion. Do you love doing your makeup, but can't seem to achieve that "Instagram" look you desire? Really want to try out false lashes, but haven't gotten them quite right? You will be able to watch a live makeup tutorial with the "The Kahldashians" to see their step-by-step application and participate in a Q&A session.

Course Fee: \$15
Saturday, 4-6 p.m., June 6
Macoupin Art Collective, Staunton, Ill.

German Travel Seminar: Thinking about traveling to Germany? Join us as we learn how to get the most out of our time in Germany.

Course Fee: \$39
Thursday, 6-8 p.m., June 18
Glen Carbon Library, Glen Carbon, Ill.

Conlanging: The Art of Language Creation for D&D and Fantasy: For many gamemasters and fantasy writers, creating a language is crucial to their worlds. Throughout this course, you will learn the linguistic necessities for creating a language, including sounds, words, written language/scripts, etc. A textbook will be provided.

*Course Fee: \$69**
Mondays, 5-7:30 p.m., July 6-27
SIUE Main Campus

Introduction to Beekeeping: This course will cover the basics of beekeeping. Topics will include basic honey bee biology, how to start a colony, techniques for inspecting a colony, recognizing colony pests and diseases, and obtaining products from colonies. This course will conclude with a student-led inspection of a colony. Please wear shoes with good support, jeans and a long-sleeved shirt made from denim or other thick material. A veil and gloves will be provided.

Course Fee: \$99

Two Sessions Available:

Saturday, 12-5 p.m., June 13

Saturday, 12-5 p.m., June 27

SIUE Main Campus

Open Introduction to Golf: Level II: Ever wanted to learn to golf? Want to take your love of golf to the next level? Level II introduces you to golf fitness, course management and the nuances of the game. This course is a great refresher for the recreational player or a must for new golfers. Join us to learn the game in a mixed group setting. Let our PGA Professionals and TPI Certified Fitness Trainers work with you on being better physically and mentally for the course. Training will take place at the practice facility, putting green and on the course. Open to anyone age 12 and up. Please bring your own set of golf clubs.

Course Fee: \$139

Mondays, June 15-29, 5:30-7:30 p.m.

Sunset Hills Country Club, Edwardsville

DIY Special: Build Your Own Wood Slab Coffee Table: Learn the basics of building live edge slab furniture and wood finishing by building your own coffee table or bench. No experience necessary. Wood slabs will be selected in the first class, taken home and returned each week to make progress. Cost for wood slabs is included in course cost. You will need an orbital (finish) sander at home to make progress between sessions.

*Course Fee: \$249**

Tuesdays, 6-7:30 p.m., June 9-July 7

SIUE Main Campus, Engineering Building, Room 0028

"Thoroughly enjoyed the class. I learned a lot and met some good people." – Alex F.

Real Estate

Real Estate: Taxes, Renting to Owning, Home Improvements and Maintenance: A home is the largest asset most people ever own. In this series of courses, you can learn about property taxes, how to get out of that lease and into a home of your own, improvements that can raise the value of your home and how to keep up with all of your home maintenance! Attend as many sessions as you like or attend them all for a reduced rate of \$50! A portion of all proceeds from the course sessions will be donated to local children's hospitals through Children's Miracle Network on behalf of the Jen and Jean Team of Remax Alliance.

Let's Talk About Real Estate Taxes: Learn how properties are assessed, how property taxes are calculated, and what real estate taxes are used for. Participants will learn what exemptions are available and who qualifies for them, as well as how to determine if they are paying too much or if their assessment is in line with their area or neighborhood. Tools and techniques on how to protest/appeal personal property taxes will be shared and demonstrated.

Course Fee: \$20
Tuesdays, 6-7:30 p.m., June 9 and 16
New American Funding, Glen Carbon, Ill.

From Renting to Owning in 12 Months or Less: Did you know a mortgage can cost less than paying rent? Does the home-buying process confuse you? Would you like a step-by-step guide on how to buy a home within the year? This class will teach you everything you need to do today in order to own your own home within the year or sooner. Jen and Jean will walk you through the expenses involved with buying and owning a home by helping you determine how much home you can afford, how to plan for expenses, and how expenses fit into your budget.

Course Fee: \$20
Thursdays, 6-7:30 p.m., June 25 and July 2
New American Funding, Glen Carbon, Ill.

For Better or Worse: Value-Added Home Improvements: Thinking about making your home better? Some improvements are better than others when it comes to a return on investment. Learn how to prioritize your improvements to get the best return on your home value. Jen and Jean will help you analyze the improvements you are considering doing to your home by determining if they are the best use of your time, talent and investment.

Course Fee: \$10
Tuesday, 6-7:30 p.m., July 14
New American Funding, Glen Carbon, Ill.

Maintenance Matters: Preserving Your Investment with Smart Home Maintenance: It doesn't matter if you live in a mansion or a bungalow, getting top value out of your home comes back to one crucial element – maintenance. Jen and Jean will walk through the top items you need to maintain to ensure a successful and profitable transaction when selling your home. You will receive the Jen and Jean Team Home Maintenance Plan & Checklist. Don't worry if you have fallen behind on your home maintenance. This course will get you back on track to prepare your home for selling so you achieve top dollar.

Course Fee: \$10
Thursday, 6-7:30 p.m., July 30
New American Funding, Glen Carbon, Ill.

"The instructor was great! You can tell she is very knowledgeable and she was very willing to answer questions. I would definitely take another class taught by her." – Alex W.

Junior Cougars

Let's Make Crystal Soaps!: Come and learn how to make soap with Share the Soap! We'll be using a pre-saponified soap base (sulfate-free) to make our soaps, ensuring that this is a safe project for kids ages 6 and up. You will design and take home your own 4-ounce soap.

Course Fee: \$25

Tuesday, 11 a.m.-1 p.m., June 16

Macoupin Art Collective, Staunton, Ill.

Kids Digital Photo Workshop: Join Ms. Karen and learn the basics of photography. Kiddos will learn skills like how to properly hold their camera and how to look at things creatively. Students should have a digital camera with them. If they'd like to take the class but don't have access to a camera, please email us at office@macart.org, and we will locate one for them!

Course Fee: \$15

Thursday, 2-4 p.m., June 18

Macoupin Art Collective, Staunton, Ill.

Perler Pokémon Pixels: You will be creating your favorite creatures from the Pokémon video game series using Perler beads. You will learn bead placement tips and ironing techniques to create your own patterns. You will be able to select your favorite Pokémon when you sign up, and a pattern of that Pokémon will be provided to you. After your pattern is completed, you will have the opportunity to make more Pokémon with provided patterns or make your own creations. You will also be taught various ways to display your completed pieces.

Course Fee: \$15

Saturday, 1-3 p.m., June 20

Macoupin Art Collective, Staunton, Ill.

Professional Development siue.edu/professional

Introduction to Quickbooks®: This course is geared toward business owners, office personnel, bookkeepers, or anyone who wants to use QuickBooks Online to build their skillset or save time in operating their business. The course covers key QuickBooks Online features and best practices, including basic accounting principles, accessing QuickBooks Online from a desktop or mobile device, linking the software to bank and credit card accounts, processing payments and payroll, running reports, fixing errors, and customizing the software to work for your business.

For an additional fee, participants may also elect to engage in an individual assessment for relevant selected skills for the opportunity to earn a digital badge. Learn more about digital badging on page 16.

*Course Fee: \$79**

Digital Badge Fee: \$49 (additional to the course fee)

Wednesdays, 6-9 p.m., July 8-29

SIUE Main Campus, Alumni Hall, Room 1201

Introductory Microsoft Excel 2016: Designed for students with limited or no previous experience with Microsoft Excel, this beginner-level course will introduce new users to Excel 2016 with an overview of Excel basics that provides a beginner-level foundation of the application. Elements covered in this course include creating and managing multiple worksheets, rearranging data, working with basic formulas and formatting, inserting charts and graphics, and sorting and organizing large amounts of data. A brief introduction to Windows is included. Basic mouse and keyboarding skills are required for this course. Textbook and online resource materials are provided.

*Course Fee: \$149**

Tuesdays, 6-8:45 p.m., May 12-June 23

SIUE Main Campus, Alumni Hall Room 1201

"I enjoyed the course and the instructor was very knowledgeable of the subject matter." – Almetta M.

Intermediate Microsoft Excel 2016: Designed for students with previous Microsoft Excel experience, this intermediate-level course will expand the user's Excel 2016 skill set with projects that demonstrate the application's higher capabilities. Topics covered in this course include creating formulas that use data in multiple worksheets, working with advanced formulas and formatting, inserting charts and graphics, and writing functions. Introductory Excel 2016 knowledge and skills are required for this course; however, a brief review of basic Excel 2016 formulas will be included. Online resource materials are provided.

*Course Fee: \$149**

*Tuesdays, 6-8:45 p.m., June 30-Aug. 11
SIUE Main Campus, Alumni Hall, Room 1201*

Certifications/Certificates

Heartsaver CPR/AED Certification: Heartsaver courses are designed for anyone with little or no medical training and cover first-aid basics for the most common first-aid emergencies. Hands-on training also prepares students to perform CPR and use an AED in a safe, timely and effective manner. A two-year certification card is issued upon course completion.

*Course Fee: \$99**

*Wednesday, 5:30-9:30 p.m., June 24
SIUE Main Campus*

Keys to Customer Service (Online Only Offering):

Learning to build your customer service skills will have a powerful impact on your career success, as well as success in other areas of life. Through this course, you will discover the direct relationship between service skills and career achievement. You can help your organization and your career by translating your good service intentions into a workable plan. Learn how to consistently deliver great service. The payoff is enormous.

Course Fee: \$145

Registration Deadline: June 5

Available Online Only, June 1-26

Extraordinary Customer Service (Online Only Offering):

Transform your customer service into something extraordinary. As a result, more repeat business will improve your bottom line. Customer service separates you from your competition. Extraordinary customer service comes from focusing on the essential elements that yield big results. Discover how easy it is to tweak your customer service from the ordinary to the extraordinary.

Course Fee: \$145

Registration Deadline: July 10

Available Online Only, July 6-31

Certificate in Customer Service (Online Only Offering):

Register for the certificate option and receive a discounted package rate for both customer service courses. Certificate administered by UGotClass®.

Certificate Fee: \$245

Registration and course deadlines same as individual courses listed above.

Introduction to Game Design (Online Only Offering):

Games are increasingly recognized as a tool that can serve many business purposes beyond entertainment. This course provides a general introduction to what goes into the design and development of both video and analog games, with a particular focus on the use of games outside of consumer entertainment. By completing this course, you can take the first steps in understanding game design and how it can be applied in your field.

Course Fee: \$245

Registration Deadline: June 5

Available Online Only, June 1-26

*Parking is included. Participants who will not utilize SIUE parking will pay a reduced rate at checkout.

Intermediate Video Game Design (Online Only Offering): Worldwide video game sales including console, online and mobile games are projected to reach \$111 billion this year. Mobile games are the fastest-growing segment of the market as more and more people play casual games. PricewaterhouseCoopers predicts social and casual game sales will exceed traditional game sales. In this intermediate course, you will learn the basics of video game design, learn about the main video game genres and use a game development application to begin your journey of making games.

*Course Fee: \$245
Registration Deadline: July 10
Available Online Only, July 6-31*

Certificate in Basic Game Design (Online Only Offering): Register for the certificate option and receive both of the above courses for a discounted package rate. Certificate administered by UGotClass®.

*Certificate Fee: \$395
Registration and course deadlines same as individual courses listed above and on previous page.*

Introduction to Six Sigma Green Belt (Online Only Offering): Six Sigma methods have been successfully deployed in many industries and organizations. This challenging course teaches critical skills required for Six Sigma practitioners. This first course in the certificate program explains the basic terms and proven Six Sigma problem-solving methods, team building tools, and descriptive statistics that are the basis for the statistical tools that contribute to the success of improvement projects and to the overall success of your organization. Topics covered include lean principles, failure mode effects analysis, team tools, project charters and basic statistical tools. The instructor uses the “flipped” classroom technique and expects participants to go beyond the classroom and use the internet and other resources to learn the material.

*Course Fee: \$195
Registration Deadline: June 5
Available Online Only, June 1-26*

Intermediate Six Sigma Green Belt (Online Only Offering): To be successful, organizations must manage by fact. As such, organizations depend on the measurement and analysis of performance to make key decisions that affect the organization. This course builds on the ideas and skills learned in the Introduction to Six Sigma Green Belt course that organizations use, specifically their Six Sigma teams, to improve. In this second course in the certificate program, participants will learn process analysis, data collection and analysis, probability and valid statistical conclusions, and hypothesis testing.

*Course Fee: \$195
Registration Deadline: July 10
Available Online Only, July 6-31*

Advanced Six Sigma Green Belt (Online Only Offering): The final course in the Six Sigma Green Belt program is Advanced Six Sigma Greenbelt, which teaches participants to improve and control processes. Topics included in this course include hypothesis testing, design of experiments and statistical process control. Participants will have to apply the concepts learned in the Introduction and Intermediate Six Sigma Green Belt courses. The instructor will share many handouts, spreadsheets and web links that have tools participants will use while completing Six Sigma projects.

*Course Fee: \$195
Registration Deadline: August 7
Available Online Only, August 3-28*

Six Sigma Green Belt Certificate (Online Only Offering): Register for the certificate option and receive all three of the above courses for a discounted package rate. Certificate administered by UGotClass®.

*Certificate Fee: \$495
Registration and course deadlines same as individual courses listed in previous column and above*

How Programming Works (Online Only Offering):

With virtually every organization now involved or even dependent on programming, managing or working with programmers is now an important part of your toolkit. This course will give you a basic understanding as a non-programmer on how programming works, the programming process, project timelines, and ways you can help your techie or tech team in project success. You will learn what you need to know as a non-programmer to successfully work with or manage the project in terms of budget, personnel and timelines.

Course Fee: \$195

Registration Deadline: June 5

Available Online Only, June 1-26

Basic Programming Concepts (Online Only Offering):

If you would like to communicate technically with programming teams or want to code a bit yourself, this course is for you. A lot of programming languages are very similar, and knowing what's common between all programming languages will help non-programmers communicate more efficiently with programmers, help aspiring programmers get started or transition into any programming language.

Course Fee: \$195

Registration Deadline: July 10

Available Online Only, July 6-31

Communicating with Programmers (Online Only Offering):

Discover win-win tips on communicating with programmers to make your project go more smoothly and efficiently. Just one tip may reduce misunderstandings and help you meet future deadlines. Every occupation has some unique characteristics, terms, approaches, ways of thinking and professional motivations. Come away with strategies for communicating with your techie, consultant or tech team for a win-win working relationship.

Course Fee: \$195

Registration Deadline: August 7

Available Online Only, August 3-28

Programming for Non-Programmers Certificate (Online Only Offering): Register for the certificate option and receive all three of the above courses for a discounted package rate. Certificate administered by UGotClass®.

Certificate Fee: \$495

Registration and course deadlines same as individual courses listed in previous column.

Revenue Generation for Non-Profits (Online Only Offering):

Build revenue streams for your non-profit organization. They are essential, not only to keep your doors open, but also to expand your services. Discover how to increase revenue from your current activities. Develop strategies for building new ones. Know how to effectively set prices or fees. Understand the 20% that generates 80% of your revenue. These are basic concepts that will yield greater results. After taking this course, you will have the knowledge to improve your revenue generation and generate a better surplus.

Course Fee: \$495

Registration Deadline: June 5

Available Online Only, June 1-July 31

Program Evaluation for Nonprofit Professionals (Online Only Offering):

Enhance your understanding of program evaluation within the nonprofit context. Find out how to improve your evaluation planning, data collection, data analysis and data use. Special attention will be paid to the real-world challenges that organizations may face when conducting an evaluation, including staff time, costs and reporting evaluation results to funders. By the close of the course, you will have a complete program logic model and evaluation plan ready for implementation.

Course Fee: \$245

Registration Deadline: August 7

Available Online Only, August 3-28

Certificate in Non-Profit Administration (Online Only Offering):

Register for the certificate option and receive both of the above courses for a discounted package rate. Certificate administered by UGotClass®.

Certificate Fee: \$595

Registration and course deadlines same as individual courses listed above.

Contract Training

Contract Training in HVAC: Designed for HVAC professionals including engineers, designers, architects, contractors, energy auditors, technicians, facility managers, maintenance operators and other professionals interested in gaining a better understanding of some of the fundamental HVAC problems. These custom programs include, but are not limited to, the following topics and case studies:

- Understanding of Energy (energy issues, consumption, savings, efficiency)
- Energy and Psychrometric Analysis of Heating and Cooling Systems
- Basics of Heating and Cooling Load Calculations
- Heat and Moisture Transfer in Building Structures
- Understanding the Psychrometric Chart

*Course Fee: Cost **Varies***

Digital Badging at SIUE

Certain professional development and educational offerings at SIUE may offer learners the opportunity to earn a corresponding digital badge to demonstrate their competency in or mastery of a given topic. SIUE's digital badges can be shared via social media, personal websites and in other electronic formats. Digital badges enhance individual's employment competitiveness by highlighting and defining their abilities relative to in-demand skills in their field or related skills that contribute to an employee's overall ability to thrive and adapt in a changing workplace. Only learners who successfully demonstrate the required competencies as defined in the course rubric will earn the digital badge.

Educational Outreach Cancellation and Parking Policies

Cancellation/Refund Policy: All cancellation/refund requests must be made in writing and emailed to outreach@siue.edu. Cancellation/refund requests must be received at least five business days prior to the first day of any conference, course or event, unless otherwise specified. A refund, minus a \$15 administrative fee, will be processed, as long as the above terms are met. If you have questions regarding this policy, please contact the Office of Educational Outreach at 618-650-3210 or outreach@siue.edu.

Parking on Campus: For courses on the SIUE main campus, parking is included in the cost of the course. A reduced price is available at checkout for participants who do not need parking or prefer to pay for parking on their own. Parking passes will be emailed to paid registered participants; please provide a valid license plate number to avoid paying additional parking fines. The printed pass must be displayed on the dashboard of the registered vehicle and is valid only during the times of the course (30 minute grace period is extended for travel to and from the meeting location).

Attention current and future SIUE students

College juniors and seniors enrolled in programs that lead to degrees in high demand fields may be eligible for federal grant funding through the Workforce Innovation and Opportunity Act (WIOA), and Trade Adjustment Assistance (TAA) Programs. Qualified students who are displaced, unemployed, underemployed, veterans or economically disadvantaged or otherwise economically challenged may qualify. Funding covers tuition, fees and a number of other allowable educational expenses.

To determine eligibility, students should contact their county Employment and Training Department:

- Madison County Employment and Training Department (includes Bond, Jersey and Calhoun Counties), 618-296-430
- St. Clair County Intergovernmental Grants Department Workforce Development Group (St. Clair, Monroe, Randolph, Clinton and Washington Counties), 618-825-3259

Continuing Education for Licensed Professionals siue.edu/professional

Putting Civics in the Middle: Teaching the 2020 Election and Beyond: Illinois students entering middle school this fall must receive a semester of civics instruction before moving to high school, laying a foundation for students to successfully complete a semester of civics before high school graduation. Join the McCormick Foundation staff and Illinois Civics Instructional Coaches from the region for a workshop designed to build teacher capacity on the practices required in the new law: discussion, service-learning and simulations. Using the 2020 election as a teachable moment for civics, attendees will learn strategies for bringing these practices into their classrooms, receive free lesson plans from respected civic education providers, and learn about local resources to supplement civics instruction. Registration is free, and attendees will receive a complimentary breakfast and lunch. PD hours will be offered to teachers that successfully complete the two-day workshop.

Explicit connections will be made to the IL Social Studies Standards, the Common Core State Standards and the Danielson Framework for Effective Teaching.

Conference Fee: Cost is free for middle school teachers. Workshop will take place in July. Check website for confirmed date. SIUE Campus

Social Work Conference: Acknowledging and Addressing Cultural Trauma and Ethical Practice in the Digital Age: Based on a humanistic framework, cultural trauma, empirically proposed by Jeffrey Alexander and colleagues in 2004, considers the disruptions that occur at the individual and group level when an 'original' culture is exposed to, encroached upon, disembodied, and threatened by a dominant or arriving culture. This training will help participants further understand the concept and consider its impact in social work practice. This training is aligned with NASW code of ethical values of social justice, dignity and worth of the person, importance of human relationships, and competencies. Ethics will focus on the use of technology in social service practice and client engagement. As the digital age of technology is constantly changing and advancing, it is crucial for those in helping professions to remain current on ethical practices that involve the World Wide Web. Participation in this presentation will enhance understanding of the ethical use and impact of digital and internet-based services. **Six CEU's will be awarded.**

*Conference Fee: \$85; \$20 (Student Fee)
Friday, July 31, 9 a.m.-4 p.m.
N.O. Nelson, LeClaire Room*

Rental Facilities

By holding events in facilities on the SIUE campus, you gain the support and resources of the University and our people. With a variety of space options, you can host professional seminars, workshops, team-building exercises, walks and events with confidence, knowing that SIUE will exceed your expectations.

SIUE's state-of-the-art facilities are attractive and available for rent. Both individuals and companies can take advantage of the great spaces and equipment we have to offer: classrooms, special event spaces, conference rooms, The Gardens at SIUE, Madison County bike trails, the NCERC at SIUE and the East St. Louis Center. Contact us today at 618-650-3210!

What is Educard?

Educard is a special community program that allows you to attend selected credit classes offered by SIUE. It provides an opportunity for you to sample the subjects that interest you most, from accounting to zoology.

Who is eligible for Educard?

Anyone who is not currently enrolled for credit at SIUE is eligible. High school students are eligible and may take up to three classes.

Which classes are approved for Educard participation?

A wide variety of classes, on-campus ONLY, are approved for Educard participation. The classes not offered through Educard are classes with a full enrollment, non-credit classes, travel study, online classes, distance education, classes in which a danger may exist, classes requiring prerequisites, and classes where added direct expense may be incurred by the University.

For a full list of classes offered by these departments, please visit siue.edu/educard.

What is not included?

- You will not receive a grade as an Educard participant.
- No official records of your classwork or attendance will be kept; therefore, no transcript is available.
- Since you do not pay normal student welfare and activity fees, you may not participate in student services and activities supported by those fees.

What about textbooks?

As an Educard participant, you may borrow textbooks, as available, at no cost through Textbook Service, located at 200 University Park Drive, lower level. You may pick up your textbooks after the first week of classes, and you are required to return textbooks to Textbook Service at the end of the term.

Who can answer questions about Educard and registration?

For more information about Educard, contact the Office of Educational Outreach at 618-650-3210 or outreach@siue.edu. You may also register in person at Rendleman Hall, Room 1330, Monday-Friday, 8 a.m.-4:30 p.m.

Price: \$60

DO NOT SEND PAYMENT WITH YOUR REGISTRATION.

Online Bachelor's Degree Completion

siue.edu/academics/bachelors-degree-completion

It's never too late to finish your degree! SIUE offers convenient, accelerated degree completion programs to fit the needs of adult learners like you. Earning your bachelor's degree doesn't have to be stressful. Our flexible degree completion programs were developed to help you juggle work, family and your education. You'll learn in a supportive, online environment that is focused on preparing you to accomplish your career goals without sacrificing personal, family and professional responsibilities.

Online Degree Completion Programs:

- Applied Communication Studies, Public Relations
- Business Administration
- Criminal Justice Studies
- Integrative Studies, Leadership in Organizations

Completing a bachelor's degree can help you improve your quality of life and advance your career.

Consider these facts:

- **Increased Salary:** Bachelor's degree holders earn an average of \$10,000 more each year than those with an associate degree. (Bureau of Labor Statistics)
- **Career Success:** Nearly 90% of bachelor's degree holders view their job as a career and/or a stepping stone to a career. (Pew Research Center)

- **Job Security:** On average, unemployment rates are higher for individuals with some college and no degree when compared to a bachelor's or advanced degrees. (Bureau of Labor Statistics)
- **Enhanced Skills:** Regardless of your chosen major, college graduates possess valuable critical thinking and problem-solving skills, which more than 80% of employers agree are important for success. (National Center for Higher Education Management Systems and the Association of American Colleges and Universities, How Liberal Arts and Sciences Majors Fare in Employment)

SIUE holds the same accreditations as many of the nation's most prestigious schools. Our online degree completion courses are held to the same high academic standards and are taught by the same highly qualified faculty who teach in SIUE classrooms.

Our academic programs are designed to meet professional demands in a variety of fields. Students will expand their knowledge and gain the experience sought by employers throughout the region.

You can do this! Let's get started.

Corporate Partnerships siue.edu/corporate

SIUE partners with companies and other institutions to offer educational opportunities for their employees. Through a unique company-pay agreement, several fully online and some partially online degree programs are available for staff members, so they can earn advanced credentials without ever receiving a bill from SIUE. Corporate partnership students benefit from curriculum specifically designed for the working professional. If you do not see your employer on this list, we will be pleased to work with your human resources department to add your company to our growing list of corporations who recognize the value of investing in their employees' professional development.

SIUE Successful Communities Collaborative siue.edu/successful-communities

SIUE's Successful Communities Collaborative (SSCC) is a member of the prestigious Educational Partnerships for Innovation in Communities - Network (EPIC-N), which brings communities and universities together. SSCC improves various aspects of community life and addresses issues of sustainability by connecting SIUE students and faculty to local cities or other organizations. SSCC is partnering with the City of Edwardsville for the 2019-2020 academic year. The components for this project are driven by several different initiatives and conceptualized by the city where student input can provide a transformative experience for students, city leaders and residents.

In collaboration with Edwardsville, the SSCC will engage both faculty and students by providing support and resources to:

- Support Earth Edwardsville, a comprehensive, intentional plan to protect, preserve and create green spaces and coordinate existing and new environmental preservation initiatives
- Continue conceptual needs assessment, design and development of a new indoor multi-purpose complex which may include ice rink, raised track, and open study space in partnership with several entities
- Assess and conceptualize improvements to parking for downtown Edwardsville area
