

INDUSTRIAL & MANUFACTURING ENGINEERING PROGRAM

## IMERIT AWARD APPLICATION

**In this document, you will find the answers to questions commonly asked and the Application Form.**

### Q & A

1. What is the objective of this scholarship?  
Answer: The objective is to generate highly talented Industrial and Manufacturing engineers to strengthen US and local economy. The award intends to draw well-qualified students completing general education requirements into the upper division of Industrial and Manufacturing Engineering program. US citizenship or permanent residency is required.
2. When to apply? Is there the application deadline?  
Answer: We accept the applications year-round. The ideal time to apply is during a semester prior to becoming an IME Junior when you start to take the IME upper division courses (IME 300 or 400 level courses).
3. What is the award amount?  
Answer: Multiple merit-based awards of up to \$2,500 annually.
4. I am currently a sophomore in Industrial and Manufacturing Engineering. Can I apply for this?  
Answer: Yes, you can. If you are selected, the award will be given at the beginning of your junior year when you start to take the IME upper division courses (IME300 or 400 level courses).
5. I am graduating from a high school. Can I apply?  
Answer: Yes, you can. However, you need to submit your college transcript typically during spring semester of your sophomore year and the award decision will be made at that time.
6. I am a transfer student. Can I apply?  
Answer: Yes, you can. Some of transfer students need to take several general education courses. In this case, the award decision will be made when you start to take the upper division courses (IME300 or 400 level courses).
7. How to apply for this scholarship?  
Answer: Please submit your latest official transcripts and the below application form at the following address:

Dr. H. Felix Lee  
Industrial and Manufacturing Engineering  
Southern Illinois University  
Edwardsville, IL 62026-1805
