New Faculty Incentive Program

Program Purpose and Overview
The New Faculty Incentive Program (NFIP) is intended to jumpstart the scholarly activities of new tenure-track faculty while encouraging the pursuit of external sources of funding to support their scholarly agendas. This program will provide new faculty with an incentive award of up to $2000 for submitting a proposal to an external sponsor.

Eligibility Criteria
This award is limited to tenure-track faculty at the rank of assistant professor who are within the first two years of their appointment at SIUE at the time of application. The terminal degree must have already been obtained. Faculty who are interested in submitting through SIUE before their official start date will need to contact the Director of Grant Development before applying. Recipients are eligible for only one incentive award.

Award Amount
The amount of the incentive award will be based upon a sliding scale as detailed in the table below.

<table>
<thead>
<tr>
<th>Award</th>
<th>Budgeted Total Direct Costs</th>
</tr>
</thead>
<tbody>
<tr>
<td>$1,000</td>
<td>$1,000-$10,000</td>
</tr>
<tr>
<td>$2000</td>
<td>&gt;$10,000</td>
</tr>
</tbody>
</table>

Terms and Conditions
The following conditions must be met in order to receive approval for funding:

- You must be eligible at the time of the proposal submission.
- You must be PI or Co-PI on the external submission with an established researcher who is not eligible for NFIP in the external proposal. Participating as key personnel will not meet the requirements of this program.
- You must participate in a mandatory meeting with the Director of Grant Development to discuss plans for your external submission. Please bring the completed New Faculty Incentive form to this meeting.
- You must continue to work with ORP Pre-Award staff until the submission is completed.
- If a crowdfunding project is used, you must follow the SIUE requirements.
- Your submission must be routed through Kuali Research and meet the 10-business days deadline.
- Your proposal must be submitted to and accepted for review by the sponsor, or in the case of crowdfunding projects, ORP must approve the project for posting. Documentation of acceptance for review must be submitted with the New Faculty Incentive form.
- Student and Faculty Internships/Fellowships, letters of intent or primarily professional development activities will not qualify as an external submission.
- A separate external submission is required for each internal program. A single external proposal will not meet the external submission requirement for more than one internal award program.
- Proposals containing 50% or more in-kind support or other cost share will qualify for only a $1,000 award regardless of the total direct cost of the proposal.
- You must register in GrantForward and create a researcher profile prior to the external submission.
- You must subscribe to ORP News prior to the external submission.

Revised 6-2022 mdc
The recipient may submit more than one eligible proposal and choose the one with the highest incentive award. Once a proposal has been chosen, the decision is final, and the recipient is no longer eligible for the program.

Once the proposal is selected and the above steps are verified, the funds will be transferred to the academic department or school/college of the recipient to be used for eligible expenses.

Eligible Use of Funds
- Student worker wages
- Summer salary (cannot incur overload)
- Travel
- Equipment
- Supplies/commodities
- Contractual services including publication and production costs
