1. What are your current 3 main areas of research?

- **Statistical Applications**
- **Quantitative Techniques**
- **Regression Models**

2. What are the top 3 areas of expertise/tools you are looking for in a research collaborator?

- **Planning to conduct survey or experiments and need statistical input.**
- **Need statistical advice on what to do after data is gathered.**
- **Need advance statistical analysis beyond t-test, ANOVA, and correlation.**

3. What 3 skills/tools that you have access to, are you willing to share with a potential research collaborator?

- **Data collection planning**
- **Quantitative Analysis (Regression, Structural Equation, Multivariate Analysis, Cronbach's Alpha, etc)**
- **Experimental Designs (Block Design, Factorial, Response Surface, etc)**
