

SIUE Safe, Healthy and Inclusive Research Work Environment

SIUE is committed to fostering a safe, healthy, and inclusive work environment that is conducive to high-quality research and creative activities. All faculty, staff, and students, regardless of being on-campus or off-campus when working on research and creative activities, are expected to comply with relevant policies and procedures (below), complete required training annually (below), and abide by [SIUE's values](#).

Certain sponsors of scholarly activities require additional measures. Use the [Safe, Healthy and Inclusive Research Work Environment](#) Quali Build application to create a plan for off-campus and off-site research.

Key Policies and Procedures
