Welcome to SIUE

A Special Edition Dedicated to Our New Faculty

A Message from the Provost and Vice Chancellor for Academic Affairs

Dr. Ann Boyle

To the newest members of our SIUE faculty….welcome to a special place where you can realize your dreams for a career in academia, follow your scholarly passions, and profoundly change the worldview of your students.

I am particularly pleased to see the spectrum of diversity among your group; different races, ethnicities, ages, gender identities, physical capabilities and beliefs are all represented in your cohort. Your diversity becomes an asset that supports our academic excellence and prepares our students to be productive and successful in a future where converging cultures can foster innovation, prosperity and quality of life for the communities we serve.

I urge you to share the diversity and richness of your varied backgrounds with our students so their learning, discovery, understanding, and empathy are all enhanced.

Have a wonderful year.

“Never judge someone by the way he looks or a book by the way it’s covered; for inside those tattered pages, there’s a lot to be discovered”
