This issue is dedicated to the new faculty at Southern Illinois University Edwardsville (SIUE). We want to take this opportunity to welcome you to a campus committed to diversity and inclusion and to a community of scholars committed to ensuring that our students are ready for the world.

We are pleased to see the diversity among your group; different races, ethnicities, ages, gender identities, physical capabilities and beliefs are all represented in your cohort. Your diversity is an asset that supports our academic goals and prepares our students to be successful in a future where converging ethnicities can foster innovation and quality of life for the communities we serve.

You are strongly encouraged to share your diversity with your students, colleagues, and the community so that we enhance our learning, understanding of differences and ultimately celebrate our similarities.

Have a fantastic year!

Together in diversity.
