

Enter the **Fonts** tab in the **Look & Feel** to set a survey wide font style.

[set a survey wide font style](#)

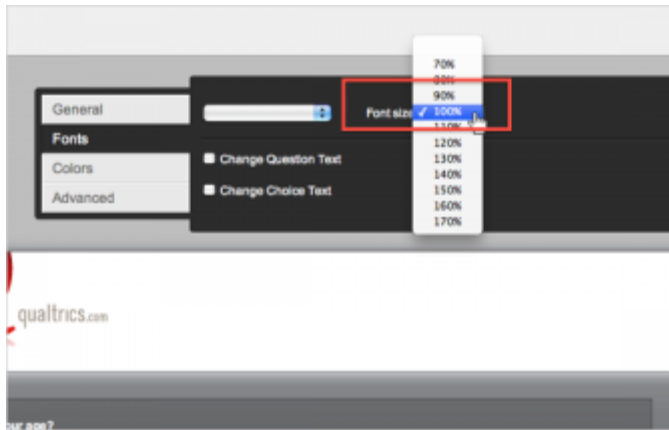

1. Click on the **Fonts** tab.

2. Click on the Fonts drop-down box at the top of the Fonts tab.

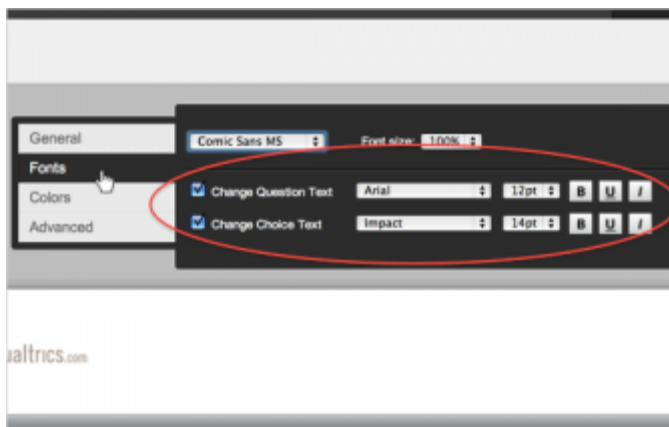

3. To select a font size for the survey, click on the **Font Size** drop-down menu.

[set a font style for the question or choice text specifically](#)

1. Click on the Fonts tab.
2. Check the box next to **Change Question Text** or **Change Choice Text**.
3. Select the desired font and font formatting (bold, underline, italics).

To edit the font on a specific answer choice (or word or phrase), use the [Rich Text Editor](#).
