

Create a feedback link to place on your website that will direct to your survey.

To create the feedback link:

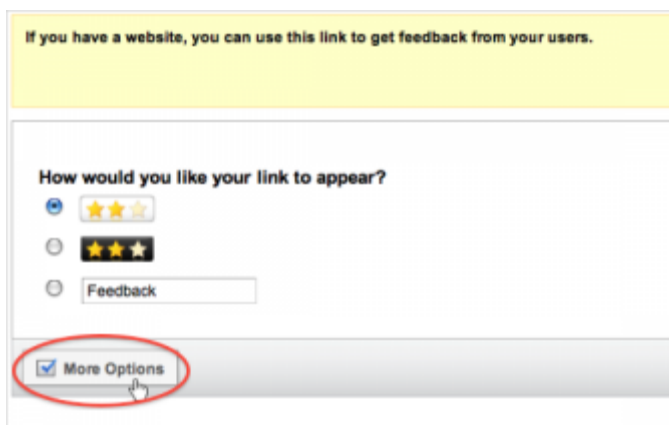

1. In the **Distribute Survey** tab click **Website Feedback** on the gray toolbar.

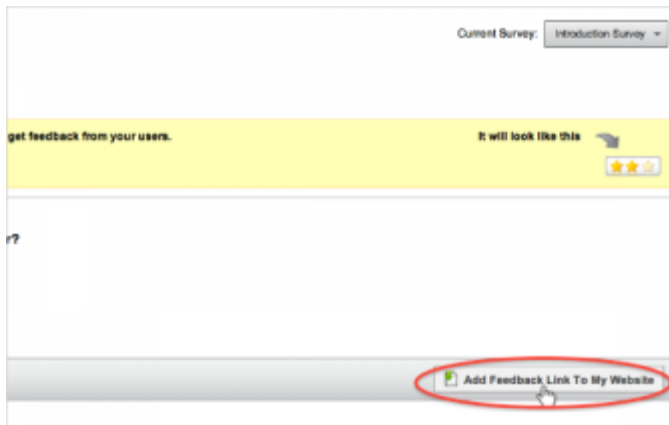

2. Choose which style you would like to use for the feedback link.

3. If desired, click **More Options** to change the cursor tool tip text for the link. You can also adjust the width and height of the survey window that will display when the participant clicks on the link.

4. Click **Add Feedback Link** to generate the code to be inserted into your website.

5. Copy and paste the code that appears into the HTML of your website.
