OLD BUSINESS

- A. Initiatives Assigned to Facilities Management or Telecommunications:
 - 1. Lot A – Install 15 metal disks in various locations. Project will be completed at a later date.
- B. Motorist Assistance, Citation, Towing Monthly Report, and Moving Violation Statistics, and EV Charging Data: Tony Langendorf stated there was an error on the dollar amount of the charging station revenue. It should read \$74.98 and not \$7,498. Laura Scaturro noted that the “no permit displayed” citations have increased. Almost everything else has gone down. She also inquired if a charging station would be installed on the Alton campus. Tony Langendorf replied that one will be installed in the future at the Alton campus. As for the East St. Louis Campus, one will be installed when the parking lots are due for reconstruction.
- C. Campus Construction Update – (Parking Related) Facilities Management: Craig Holan stated the sidewalk by Lot A on the West side of Founders is under construction and will be completed soon. The Northeast corner of Lot A will be completed later on. Robert Vanzo stated that money from parking revenue was insufficient so Craig Holan’s department stepped up with 50 percent of the cost in order to be able to complete the project.
- D. Parking Permit Upgrade, Fall, 2020: Tony Langendorf stated that he offered semester permits, 300 green permits in Lot A, 150 green permits in Lot E and 200 brown permits in Lot F. He sold all the 150 in Lot E and 230 in Lot A. Lots are still not completely full. We will wait until sometime after spring semester begins and see how many empty spaces we have then and once again offer up more green permits.

NEW BUSINESS

- A. FY20 Parking & Traffic Summary (Attachment): Robert Vanzo reported this Summary shows Parking is down around \$1.5 million due to COVID 19. Tony Langendorf reported Parking is down another \$40,000 for September 2020. Tony sends his COVID 19 reports to the budget directors to be incorporated with the other COVID 19 losses since March, 2020. This report ended in June, 2020. So far Parking has received \$168,000 back to mitigate some of the losses. We will push back any proposed construction on the parking lots if possible for future years to keep permit prices down.
- B. Election of a New Committee Chair: Robert Vanzo announced that Laura Scaturro will be retiring sometime after January 1, 2021. She has done a fabulous job and will be missed. We would like to have a new Chair in place by January, 2021, so Laura would have some time to work with the new Chair. If anyone is interested in the position, please send an email to Diane and let her know you are interested.
- C. Lot C Two Hour Time Limit: Robert Vanzo advised the members that he and Tony were thinking of making a change to Lot C which would enable individuals to park all day if they

pay every two hours for the time. Several options to change Lot C were discussed. It was decided that Robert would present the issue to the Vice Chancellor to hear his thoughts on Lot C. The matter will be added to Old Business on November's Agenda to be discussed further.
