     survey on the parking lot.  Since she is not here today, Lexi will text her and have her send
     the results to all of you.

CORRESPONDENCE

No correspondence received.

OLD BUSINESS

A.  Initiatives Assigned to Facilities Management or Telecommunications:  Tony Langendorf
    reported everything has been completed and the poles at the Vadalabene Center have been installed.
These poles are for the VIP and ADA areas. There are times when these spaces are blocked off for special events, so we reconfigured part of the lot.

B. **Motorist Assistance, Citation, Towing Monthly Report, and Moving Violation Statistics, and EV Charging Data:** Tony reported nothing outstanding. Showing improvement and it appears to be better than last year. EV Station is up and running at the Alton Campus.

C. **Campus Construction Update:** Craig Holan reported that some boring still needs to be completed for the LED signs. Tony stated the signs are ready to install as soon as that work is completed.

The Health Science Building will be using Woodland Hall Parking Lot. There will be a meeting with Facilities Management, consultants and parking people to look at a new parking lot for the residents. Facilities Management is applying for a Grant for a round-about when we have schematics prepared. Bob Vanzo said there will be LED signs at both ends of Circle Drive which will more efficiently direct people on campus. The purpose is do away with the current construction signs on wheels. The new Woodland Hall Parking Lot will be included with our other parking projects in 2023.

There are numerous concerns regarding placement of a new Woodland Hall Parking Lot. There is a plan to meet with all individuals involved to walk the area to determine the location of the new lot.

**NEW BUSINESS**

A. **Lottery Results:** Tony advised the Lottery was set up for 200 spaces in Lot A and 100 spaces in Lot E. The deadline is today. This was a new Lottery drawing. As of today, 122 upgraded in Lot A and 71 upgraded in Lot E. There were 855 registered for Lot A and 300 registered for Lot E. If they come in after today’s deadline, we will still allow them to upgrade. We will conduct a census after Spring Semester begins and offer up more green permits.

B. **Policy Sub-committee – Ryan Fries:** Bob Vanzo announced that he asked Ryan Fries to be our new Policy Sub-committee Chair person. He accepted. Thank you for your willingness to Chair the sub-committee.

C. **Membership List:** Bob stated we need more student representatives for our committee. He will be contacting Student Government.

**ANNOUNCEMENTS**

Ryan Fries announced that he has several students that would be willing to work with consulting firms in regard to the new parking lots.

**ADJOURNMENT**

Ryan Fries made a Motion to Adjourn the meeting. Cindy Cobetto seconded the Motion. Hearing no objections, the meeting was adjourned at 10:25 a.m. The next meeting will be on Friday, January 14, at 10:00 a.m. via Zoom.
