Safety
Emergency Phones: SIUE has a network of 89 emergency phones located along walkways and in parking lots. Each phone has two buttons. Press INFO for problems such as flat tires, dead batteries, etc. CALL HELP is for phones located along walkways and in parking lots. Each Emergency Phone is marked with a crosswalk covers two lanes of traffic, drivers must wait until pedestrians have cleared the entire crosswalk before proceeding. This applies to crosswalks on all University drives. Pedestrians should use crosswalks whenever available. When crossing at any place other than a marked crosswalk, pedestrians must give the right-of-way to drivers. Drivers, however, must still be on the alert at all locations. Crosswalk regulations are strictly enforced by University Police.
