MCT has seen an increase in their customers in certain areas. MCT informed Mallory they would be making adjustments to their calendar to coincide with SIUE’s calendar.
ANNOUNCEMENTS

Tony Langendorf announced a census was completed the third week of January. That Census initiated another Lottery drawing. We offered up 100 spaces in Lot A, 100 spaces in Lot F, and 50 spaces in Lot E. All 50 were taken in Lot E. Lot F, 88 people signed up. Lot A, there are 30 permits left to be picked up.

Bob announced that the pay-by-space machines come up for renewal in 2026. The cost to install new machines will be between $250,000 and $300,000. We continue to have problems with the current pay stations. There is a possibility to switch to Pay by text or by App. Pay machines are becoming a thing of the past. We are thinking about keeping the pay by space machines in Lots B & C and phasing out the machines in Lots A, F and E.

Bob stated that we are still short two students on our committee. He has spoken with Student Government; and, they stated they would be finding two more students after the spring semester began. He stated he has not heard anything yet regarding new students.
